## **The Logic Of God Incarnate:**

*The Logic of God Incarnate* Thomas V. Morris, 2001-04-06 This book is a philosophical examination of the logical problems associated with the claim that Jesus of Nazareth was one and the same person as God the Son the Second Person of the divine Trinity How can a being or person who is omniscient omnipotent omnipresent etc have become human given that humans are limited in knowledge and beset with weaknesses Unless this belief in the incarnation is to be dismissed as pious sentimentality a philosophical case must be made for at least the possible rationality of the idea Tom Morris makes such an attempt in this book Indeed although it claims only to be arguing that the idea of God Incarnate is not impossible *The Logic of God Incarnate* confronts the preponderance of modern philosophical argumentation against the incarnation and manages to put the traditional doctrine in a quite plausible light      **Debating Christian Theism** J. P. Moreland, Chad V.

Meister, Khaldoun A. Sweis, 2013-08-15 Comprising groundbreaking dialogues by many of the most prominent scholars in Christian apologetics and the philosophy of religion this volume offers a definitive treatment of central questions of Christian faith The essays are ecumenical and broadly Christian in the spirit of C S Lewis's *Mere Christianity* and feature lucid and up to date material designed to engage readers in contemporary theistic and Christian issues Beginning with dialogues about God's existence and the coherence of theism and then moving beyond generic theism to address significant debates over such specifically Christian doctrines as the Trinity and the resurrection of Jesus *Debating Christian Theism* provides an ideal starting point for anyone seeking to understand the current debates in Christian theology      *In Defense of Miracles* R.

Douglas Geivett, Gary R. Habermas, 2025-10-16 Rumors of deception have surrounded claims of Jesus' resurrection ever since the soldiers appointed to guard his tomb made their report to the Jewish authorities But no one has led the philosophic charge against miracles quite as influentially as David Hume with his 1748 essay *Of Miracles* Refined revised restated his arguments still affect philosophic discussions of miracles today During the twentieth century strong arguments have been raised by Antony Flew professor emeritus at Keele University in England Flew has contributed a fresh statement of his objections to the idea of God's acting in history just for this volume which also includes Hume's classic critique as a part of the case against miracles In response Douglas Geivett and Gary Habermas have assembled a distinguished team of scholars to rebut the objections and set forth the positive case for God's action in history Richard Purtill clarifies the word miracle while Norman Geisler critiques Hume's case against miracles Francis Beckwith and Winfried Corduan assess how we would recognize miracles in the past and in the present Ronald Nash examines naturalism's exclusion of miracles and shows its self-referential incoherence J P Moreland discusses whether science properly rules out the possibility of miracles God's existence and action in history are probed by David Beck and Stephen Davis while Douglas Geivett argues that within a theistic framework it is reasonable to expect miracles as confirmation of claims to special revelation David Clark examines miracles within the context of various world religions Robert Newman John Feinberg William Lane Craig and Gary Habermas conclude

by investigating fulfilled prophecy the virgin birth and incarnation of Jesus the empty tomb and the resurrection appearances In *Defense of Miracles* is a comprehensive up to date discussion that should not be overlooked by anyone concerned with the current debate over miracles     John Hick's Pluralist Philosophy of World Religions Paul R. Eddy, 2015-06-22 According to John Hick's model of religious pluralism all the world's great religions present equally valid ways of understanding and responding to the same ultimate Reality This book offers an exposition of and critical response to Hick's model Following an introductory chapter that surveys dominant approaches to religious diversity the rise and development of Hick's pluralist interpretation of religions is traced Finally a critical assessment of Hick's mature pluralist model is offered The conclusion Hick's model is ultimately unsuccessful in overcoming the pluralist's most difficult conceptual problem namely providing an adequate account of the fact that the world's religions understand the divine Reality in often contradictory ways Ultimately Hick's own solution threatens two of his long cherished goals a robust religious realism and a tradition neutral religious pluralism     *The Metaphor of God Incarnate* John Hick, 1993     **The Visva-Bharati Journal of Philosophy**, 1992     **The Logic of the Believing Mind** Russell Foster Aldwinckle, 1995 This long theological and philosophical work represents the thought of a senior Protestant theologian Russell Aldwinckle He demonstrates erudition in systematic theology and philosophy of religion and a wide knowledge of classical and contemporary philosophical and theological texts     **Philosophical Studies in Religion, Metaphysics, and Ethics** Heikki Kirjavainen, 1997     **The Logic of Divine Love** Richard E. Weingart, 1970     **The Philosophy of Religion Reader** Chad V. Meister, 2008 Reflecting current trends and research interests in the field this introduction explores key writings from both the Western theistic tradition and from non Western non theistic sources     Jesus in History, Thought, and Culture [2 Volumes] James Leslie Houlden, 2003-12-08 This unique multidisciplinary study views Jesus as one of the most central figures in history with a wide ranging impact on society literature art and philosophy Jesus in History Thought and Culture distills 2 000 years of thinking about Jesus into two intriguing volumes In more than 200 A Z entries internationally recognized scholars summarize views of Jesus from the Gospel writers to contemporary theologians Not only does the book explore Christian liturgy and worship including the long lasting 4th and 5th century schisms over whether Jesus is human or divine but it examines the position of Jesus in the traditions of other world religions such as Judaism Islam and Hinduism Even outside religion little has been untouched by Jesus's influence Jesus affected social and political theory in his time and continues to do so today The encyclopedia also explores his changing image in art sculpture music and literature pulling disparate fields of study into one powerful resource Scholars students of theology and world religions and other interested readers will all welcome this unique resource Over 200 wide ranging A Z entries on the religious and secular influence of Jesus Over 100 contributors including distinguished international scholars from many religious traditions 80 photos including key works of devotional art from 2 000 years of religious painting and sculpture Numerous bibliographic references covering a wide variety of writing about Jesus

### **The Logic Of God Incarnate Introduction**

In the digital age, access to information has become easier than ever before. The ability to download The Logic Of God Incarnate has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download The Logic Of God Incarnate has opened up a world of possibilities. Downloading The Logic Of God Incarnate provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading The Logic Of God Incarnate has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download The Logic Of God Incarnate. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading The Logic Of God Incarnate. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading The Logic Of God Incarnate, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download The Logic Of God Incarnate has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of

continuous learning and intellectual growth.
