## **The Love Of Ponies:**

The Love of Ponies Anne Alcock,1986     **Sin** Steven J. Jensen,2018-06-08 If the human soul is made for good then how do we choose evil On the other hand perhaps the human soul is not made for good Perhaps the magnitude of human depravity reveals that the human soul may directly choose evil Notably Thomas Aquinas rejects this explanation for the prevalence of human sin He insists that in all our desires we seek what is good How then do we choose evil Only by mistaking evil for good This solution to the difficulty however leads Aquinas into another conundrum How can we be held responsible for sins committed under a misunderstanding of the good The sinner it seems has simply made an intellectual blunder Sin has become an intellectual defect rather than a depravity of will and desire Sin A Thomistic Psychology grapples with these difficulties A solution to the problem must address a host of issues Does the ultimate good after which we all strive have unity or is it simply a collection of basic goods What is venial sin What momentous choice must a child make in his first moral act In what way do passion a habitually evil will and ignorance cause human beings to sin What is the first cause of moral evil Do human beings have free will to determine themselves to particular actions The discussion of these topics focuses upon the interplay of reason will and the emotions examining the inner workings of our moral deliberations Ultimately the book reveals how the failure to maintain balance in our deliberations subverts our fidelity to the one true good

Crazy explores the meaning behind the love between girls and horses Jean O'Malley Halley a self professed horse girl contends that this relationship and its cultural signifiers influence the manner in which young girls define their identity when it comes to gender Halley examines how popular culture including the pony book genre uses horses to encourage conformity to gender norms but also insists that the loving relationship between a girl and a horse fundamentally challenges sexist and mainstream ideas of girlhood Horse Crazy looks at the relationships between girls and horses through the frameworks of Michel Foucault's concepts of normalization and biopower drawing conclusions about the way girls agency is both normalized and resistant to normalization Segments of Halley's own experiences with horses as a young girl as well as experiences from the perspective of other girls are sources for examination Horsey girls as she calls them are girls who find a way to defy the expectations given to them by society thinness obsession with makeup and beauty frailty and gain the possibility of freedom in the process Drawing on Nicole Shukin's uses of animal capital theories Halley also explores the varied treatment of horses themselves as an example of the biopolitical use of nonhuman animals and the manipulation and exploitation of horse life In so doing she engages with common ways we think and feel about animals and with the technologies of speciesism     **Finding Harmony with Horses** Kylie Maree Dearden, 2011-10-31 Finding harmony with horses is an inspiring book of Kylie Dearden's own personal and spiritual journey on how she found harmony with her horse and other horses by connecting to the Spirit Within Kylie Dearden is a qualified Equestrian Australia Coach and Instructor In her horse instructing business Finding Harmony with Horses Kylie trains horse and rider through the levels of dressage She has helped many horses and riders develop a deeper connection and relationship In her inspirational book she inspires people to lift consciousness level enabling them to ride their horses with a feeling of joy peace and inspiration [www.findingharmonywithhorses.com.au](http://www.findingharmonywithhorses.com.au)
