Graber, 2025-01-21 In contemporary constitutional politics Section 1 of the Fourteenth Amendment which includes the citizenship privileges and immunities due process and equal protection clauses is the star of the show But this was not the focus for the Republican members of the Thirty Ninth Congress Their interest was instead in Sections 2 3 and 4 Today we tend to think the purpose of the Fourteenth Amendment was to protect persons of color But the Republicans engaged in Reconstruction saw its purpose as preventing rebel rule by punishing treason and rewarding loyalty particularly the loyalty of white men who remained faithful to the Union during the Civil War In this first of three planned volumes for the University Press of Kansas s Constitutional Thinking series Mark A Graber aims to restore to contemporary memory the Fourteenth Amendment drafted by those Republican and Unionist members of Congress who supported congressional reconstruction In *Punish Treason Reward Loyalty* Graber breaks new ground researching Reconstruction the Fourteenth Amendment and constitutionalism by highlighting the importance of Sections 2 3 and 4 to the representatives in the Thirty Ninth Congress and their relative indifference to Section 1 His work underscores the importance and impact that legislative primacy and partisan supremacy had to Republican constitutional thinking about constitutional authority immediately after the Civil War Centered on Reconstruction and constitutional reform Graber shows anew the Republican effort to prevent rebel rule by empowering and protecting loyalty **Precarious Passages** Tuire Valkeakari, 2022-06-28 *Precarious Passages* unites literature written by members of the far flung Black Anglophone diaspora Rather than categorizing novels as simply African American Black Canadian Black British or postcolonial African Caribbean this book takes an integrative approach it argues that fiction creates and sustains a sense of a wider African diasporic community in the Western world Tuire Valkeakari analyzes the writing of Toni Morrison Caryl Phillips Lawrence Hill and other contemporary novelists of African descent She shows how their novels connect with each other and with defining moments in the transatlantic experience most notably the Middle Passage and enslavement The lives of their characters are marked by migration and displacement Their protagonists yearn to experience fulfilling human connection in a place they can call home Portraying strategies of survival adaptation and resistance across the limitless varieties of life experiences in the diaspora these novelists continually reimagine what it means to share a Black diasporic identity **The Writings of Thomas Wentworth Higginson: Army life in a black regiment** Thomas Wentworth Higginson, 1900 *Army life in a black regiment* Thomas Wentworth Higginson, 1900 **Black and White** ,1895 **The Black Diamond** ,1900 *The Black cat, original stories by the best authors* ,1898 *The Black Cabinet* Hérissou (comte d', Maurice d'Irisson), 1887 **Black's Tourist guide to Derbyshire ... Specifically, it looks at how the black servant is forced to balance the loyalty he has for the white employer and for his African roots. The analysis of *Houseboy* will focus on how conflict is represented between whites and blacks, how it can satirically have a positive influence on others, and lastly how conflict among the blacks can be very destructive. *Houseboy* shows how conflict can be prompted by stereotypes, how it can be a shield from other pressing concerns, and even how conflict itself can provide an outlet for humour. The analysis of *July's People* will, on the other hand, focus on how people can live together under pretences that they are at peace with one another when in actual fact they are not, how the black servant can be in conflict with people of other races or their traditions, as well as how that servant can be in conflict with fate or destiny. In conclusion, it will be shown how *Houseboy* is more explicit in portraying conflict than *July's People* due to the events that happened in the two texts. An argument can be made, therefore, if conflict experienced by black servants during the colonial period was more in the open as opposed to that of apartheid South Africa. **The White Side of a Black Subject** Norman Barton Wood, 1897 Contains information about slavery and emancipation with biographical information on important figures of the period.
