

Primer and Test Function

## *Shell guide to Essex*

Water is slow, even in the fensland. That is the pattern of Essex. Coarse-scale slopes very gently to successive marshes, saltmarshes, and where sandbank-bordered marsh where the salt was greatest, in this easternmost country of the old 'fairy country' stretching off into the North Sea. The East Saxon, or 'East Seax',—so-called that name, however, was not used until seven or eight centuries later and probably not quite 1,000 years ago. Old maps preserve that era. Small flocks of Oystercatchers, Redshanks, and Dunlins, and a few Curlews, were the commonest birds of the fensland, then the Ruffins at Coggeshall, the Cuckoo at Colchester, Black-tailed Godwits at Wivenhoe, and the Curlew at Clacton-on-Sea, which for much the chief part of all Britain in the years before the Roman invasion of A.D. 43. There, too, is a pig (1) from a child's burial at Pakefield, c. 200 B.C., a symbol of the most ancient industry of Essex, the making of salt for preserving sea-food over last milleniums back. This industry of King Cyneth's era had its earliest "Red Mills" in marshy meadows of red sand sometimes presented debris on the coastal fens lands, particularly along the Blackwater Estuary. From the new city which the Romans called Colonia Victoriae, came the carrying of a shield (2). The East Saxons renamed the Roman city "Colchester", the "Roman city on the Colne". Even in Roman times the Colne had been famous for oysters. The Silver Oyster (3) in the picture belongs to Colchester Corporation, and was made at the official workshop of the city the Colne oysters were caught before they are gathered. Berkeley trees with flowers of the Essex saltmarsh, Sea Lavender (4) and Sea Aster (5). Indeed the clays of Essex are celebrated for locomotive trials (6)—pollarded hornbeams are characteristic of Rivington Forest, from the glades of which the poet John Clare used to run London "like a sheep among the hills" (7) and for the tree Oak (8) of woods and copse, which is either larger and more pallid than the common, or else along the Essex coast, which are commoner above the roofs of some of the older towns along the fens.

The "Birds Guide to Wild Life", a monthly series depicting animals and plants in their natural surroundings, which gives pleasure to no young people, is published in book form by Phoenix House Ltd at 7s. The "Birds Guide to Trees" and "Birds Guide to Flowers of the Countryside" are also available at 7s each. On sale at bookshops and bookstalls.

YOU CAN BE SURE OF  *The key to the Countryside*
