**TV Guide**, 2005    **Time**, 2002    **New York**, 2002    *Film Review*, 2003    Magill's Cinema Annual Christine Tomassini, 2003-05-16 Magill's Cinema Annual provides comprehensive information on the theatrical releases of each year. Featured are extensive essays, cast and character listings, production credits, running time, country of origin, MPAA rating, nine comprehensive indexes and more.    **Reese Witherspoon** Lauren Brown, 2007-08-24 She's an Oscar winning actress, a devoted mother and a down to earth Southern belle. And she's only thirty years old. In this fascinating biography of Reese Witherspoon, Lauren Brown chronicles Witherspoon's participation in local talent shows, her Hollywood debut and her Academy Award for Best Actress. Brown also highlights the actress's emphasis on maintaining her values in an industry that often has none. Laura Jeanne Reese Witherspoon was astonishingly ambitious from a young age. By seven she appeared in commercials and was already taking adult acting classes. In 1990 she earned her first starring role in the film *Man on the Moon* and suddenly Hollywood took notice. Brown delves into Witherspoon's decision to put a hold on her acting career to pursue an education, a hold that couldn't last when the scripts kept rolling in her work with her production company Type A and of course her high visibility relationship with Ryan Phillippe whom she met at her 21st birthday party. The first ever biography of the star, *Reese Witherspoon*, gives fans a close up look at Hollywood's golden girl.    **Reinventing Richard Nixon** Daniel E. Frick, 2008 Examining Nixon's autobiographies and political memorabilia, Frick offers far reaching perceptions not only of the man but of Nixon's version of himself contrasted with those who would interpret him differently. He cites reinventions of Nixon from the late 1980s particularly the museum at the Richard Nixon Library and Birthplace to demonstrate the resilience of certain national mythic narratives in the face of liberal critiques. And he recounts how celebrants at Nixon's state funeral at which Bob Dole's eulogy depicted a God fearing American hero attempted to bury the sources of our divisions over him, rendering in some minds the judgment of redeemed statesman to erase his status as disgraced president. With dozens of illustrations, Nixon posing with Elvis, the National Archives' most requested photo, Nixonian cultural artifacts, classic editorial cartoons no other book collects in one place such varied images of Nixon from so many diverse media. These reinforce Frick's probing analysis to help us understand why we disagree about Nixon and why it matters how we resolve our disagreements.    **BOOK JACKET**    Reese Witherspoon Ursula Rivera, 2003 Chronicles the childhood, marriage and family life and acting career of the star of such films as *Election*, *Pleasantville* and *Legally Blonde*.

Story Behind the Protest Song Hardeep Phull, 2008-10-30 Features the most influential musical protests and statements recorded to date providing pop culture viewpoints on some of the most tumultuous times in modern history. Includes songs about the Vietnam War, the civil rights movement, policy in the Middle East, teenage rebellion, animal rights and criticisms of mass media.    **The Great Rock Discography** Martin Charles Strong, 1994    Traveling Sounds Wilfried Raussert, John Miller Jones, 2008 Within their approach to trace the routes of music and music's impact on identity formation, the editors

take the popularity of American music more or less for granted Most genres addressed in this study have emerged within the multiethnic US or the Americas on a larger scale most have traversed through the Americas and in different adaptations through different parts of the world Tracing the migration of sounds the editors see American music at home and abroad as an intricate part of a historical process of globalization and as embedded in complex and multidirectional processes of exchange and transformation They understand the migration of American forms of music not as a one dimensional homogenizing process of Americanization but rather as a multidirectional journey with diverse and multi layered forms of music emerging in different and shifting locales The contributors cover a broad range of musical genres ranging from sacred music and avant garde music to jazz reggae and rock Moreover crossovers between film theater video art and music are explored In its interdisciplinary and international orientation this book will contribute to the new direction American Studies has taken recently and expand a cultural studies approach to the field of music at the same time
