The Focus Of Life

William Thomas Stead

The Focus Of Life:

The Philosophy of (erotic) Love Robert C. Solomon, Kathleen Marie Higgins, 1991 Solomon and Higgins have chosen excerpts from the great philosophical texts and combined them with the most exciting new work of philosophers writing today. It examines the mysteries of erotic love from a variety of philosophical perspectives and provides an impressive display of wisdom that the world's best thinkers have brought and continue to bring to the study of love. *Nature* Sir Norman Lockyer, 1895 **To Will God's Will** Ben Campbell Johnson, 1987-01-01 Popular author Ben Campbell Johnson views Christian life as a journey toward God and himself as one of the travelers. He describes how the spiritual life develops in relation to the events, perceptions, and interpretations of every day. Enriched by stories as well as biblical and personal examples, this clearly written book can guide Christians on their most important journey. *Life's Golden Lamp*, 1890

Godey's Lady's Book, 1895 **The Photographic Times**, 1897 **Changing Our Minds** Susan Hardy Aiken, Karen Anderson, Myra Dinnerstein, Judy N. Temple, 1988-01-01 What happens when traditionally trained academics begin to reconsider their disciplines in light of recent feminist scholarship? This book was written by academics outside Women's Studies programs who have changed their minds about the foundations of their disciplines. The authors share a commitment to explore the cultural construction of gender and the gendered construction of culture. Each chapter simultaneously examines and exemplifies the transformation of knowledge that resulted from their intensive study of feminist scholarship. Taken together, they not only demonstrate some of the range, variety, and intellectual vigor possible in discipline-specific reformulations but also participate in the kind of transdisciplinary thinking characteristic of the philosophy of Women's Studies from its inception. In the concluding chapter, the editors consider how efforts to transform traditional ways of knowing are inflected and infected by the politics of gender within academics. *The Day of rest*, 1881 **A System of Christian Doctrine** Isaak August Dorner, 1882 *Oh Snap! My Career Is in Crisis* Maggie Huffman, 2017-03-21 The life coach and author of *Whoops I Forgot to Achieve My Potential* offers a step-by-step guide out of crisis and onto your dream career path. A career crisis can take many forms. Maybe you're stuck in a rut. Or maybe you got the big promotion you always wanted only to discover it's not the dream job you were imagining. Your first impulse may be to go out and take the next job you can find or to give up on your career all together. But all too often those emotional reactions simply lead us from one career crisis to another. Before you start grasping for solutions, you need a strategy. In *Oh Snap! My Career Is in Crisis*, life coach Maggie Huffman guides you through the process from finding courage and clarity you need to begin to executing your strategy once you've designed it. *After Death, Or, Letters from Julia* William Thomas Stead, 1910 *Photographic Times and American Photographer*, 1897 *An Introduction to Personality, Individual Differences and Intelligence* Nick Haslam, Luke Smillie, 2022-04-27 Learn everything you need to know about personality, intelligence, and individual differences in the third edition of this clear and accessible textbook. **The Pulpit** Charles Clayton Morrison, 1946 **Analyzing**

Portraits of God Allan Coppedge, 2009-09-20 What is God like Answering this is the great quest of human existence Because God is so different from us we struggle to describe him While doctrinal statements about God certainly have their place in Christian understanding the Bible more often uses God's actions and roles to help us know him better Indeed some of the most helpful insights in Scripture arise when God is compared to something else a rock an eagle or a tower And many human metaphors metaphors taken from the world of actions and relationships bring us even closer to understanding of God In Portraits of God Allan Coppedge suggests we look carefully at God as our Father Redeemer King Judge Priest and Creator These portraits taken together give us an understanding of the Holy One for which no single category is adequate These images work their way through the whole of Scripture They are the doorway allowing us into the mysteries of God's very being In Portraits of God Coppedge offers a comprehensive survey picturing a God who wants to be known personally and who has profoundly communicated himself Coppedge finds the inexhaustible

nature of God to be one of holiness reflected in and best described by the language of diverse roles Approaching God in this way transforms us as churches and individuals to reflect God s own holy character This is a book for students pastors and churchgoers alike Anyone desiring to know more deeply and wholly the Christian God revealed in the Bible will find in Portraits of God a treasure of scholarship and truth
