A Generation Abandoned Peter D. Beaulieu, 2017-04-26. *A Generation Abandoned* explores the disruptive cultural events especially of the past half century as these have undermined the confidence of the young in themselves and in civil society and finally in our place in the universe. The overall theme is the contrast between this sense of abandonment and our inborn and neglected orientation toward personal worth and the common good, the natural law. Much of what is peddled as social evolution today is shown to be a throwback to darker times. The analysis submits to a refreshingly conversational tone but also draws incisively from a very broad pallet of history, literature, theater, theology and simplifying and illuminating anecdotes, some of them first hand. An early chapter outlines the perfect storm of the 1960s. Later chapters expose the word games of the cultural elite, the saga of the family through history and now its abrupt erosion and the difference between any meandering arc of history and a more grounded arc of relations, our rationalized culture of death versus a flourishing human ecology. *We the People* Ted Byfield, 2011. *A Century of Giants, A.D. 1500 to 1600* Ted Byfield, 2010. *The Christians* is the history of Christianity told chronologically, epoch by epoch, century by century, beginning at Pentecost and concluding with Christians as we find ourselves in the twenty-first century. It will consist of approximately twelve volumes produced over a 10-year period at the beginning of the third Christian millennium. It is written and edited by Christians for Christians of all denominations. Its purpose is to tell the story of the Christian family so that we may be knowledgeable of our origins, may well know and wisely profit from the experiences of our past, both good and bad, and may find strength and inspiration to face the challenges of our era from the magnificent examples set for us by those who went before.
