Larissa Tracy, Geert H. M. Claassens

The Cloisters Cross Its Art And Meaning:

The Cloisters Cross Elizabeth C. Parker, Charles T. Little, 1994 The twelfth century English Cloisters Cross now in the Metropolitan Museum of Art in New York is one of only three complete medieval ivory crosses extant. This comprehensive study examines the history of the cross, its complex and ornate iconography, its function, liturgical context, and intellectual setting. The authors also examine the cross's possible theological and artistic connections with the abbey of Bury St Edmunds and its place in English Romanesque art.

The Cloisters Cross Elizabeth C. Parker, Charles T. Little, 1994 The subject is an extraordinary 12th century carved walrus ivory cross that came into the collection of The Metropolitan Museum of Art's Cloisters collection in 1963 and is today the centerpiece of the collection. The authors explore its construction, imagery, and inscriptions, the context for its exceptional style and iconography, its theological setting and use in the liturgy, and its place in English Romanesque art. Includes numerous color and black and white photos taken especially for the book.

The Grove Encyclopedia of Medieval Art and Architecture Colum Hourihane, 2012 This volume offers unparalleled coverage of all aspects of art and architecture from medieval Western Europe from the 6th century to the early 16th century. Drawing upon the expansive scholarship in the celebrated Grove Dictionary of Art and adding hundreds of new entries, it offers students, researchers, and the general public a reliable, up-to-date and convenient resource covering this field of major importance in the development of Western history and international art and architecture.

Medieval English and Dutch Literatures Larissa Tracy, Geert H. M. Claassens, 2022 This collection honours the scholarship of Professor David F. Johnson, exploring the wider view of medieval England and its cultural contacts with the Low Countries and highlighting common texts, motifs, and themes across the textual traditions of Old English and later medieval romances in both English and Middle Dutch. Few scholars have contributed as much to the wider view of medieval England and its cultural contacts with the Low Countries than Professor David F. Johnson. His wide-ranging scholarship embraces both the textual traditions of Old English, especially in manuscript production and later medieval romances in both English and Middle Dutch, highlighting their common texts, motifs, and themes. Taking Johnson's work as its starting point and model, the essays collected here investigate early English manuscript production and preservation, illuminating the complexities of reinterpreting Old English poetry, particularly Beowulf, and then go on to pursue those nuances through later English and Middle Dutch Arthurian romances and drama, including Sir Gawain and the Green Knight, The Canterbury Tales, and the Roman van Walewein. They explore a plethora of material, including early medieval textual traditions and stone sculpture, and draw on a range of approaches such as Body and Disability Theories. Overall, the aim is to bring multiple disciplines into dialogue with each other in order to present a richer and more nuanced view of the medieval literary past and cross-cultural contact between England and the Low Countries from the pre-Conquest period to the late Middle Ages, thus forming a most appropriate tribute to Professor Johnson's pioneering work.

England and Germany in the High Middle Ages

Alfred Haverkamp,Hanna Vollrath,Karl Leyser,1996 This collection of essays examines the similarities and differences between medieval England and Germany at a period of great change in almost all areas of life It asks a number of fundamental questions which highlight the foundations of a rich common European heritage What was it that made life in the twelfth century more varied less peaceful and less secure than before How can the parellel developments changes and transformations that took place in Latin Europe in the High Middle Ages be related to each other What answers were found to the challenges of the age in England and Germany This volume gives the reader an opportunity to see how English speaking and German scholars approach similar themes Edited by two leading German medievalists it includes 17 contributions by eminent scholrs from Britain North America and Germany It is divided into 4 sections on modes of communication war and peace Christians and non Christians and urban and rural developments and is essential reading for students and scholars of English or German medieval history

Pontius Pilate, Anti-semitism, and the Passion in

Medieval Art Colum Hourihane,2009 Pontius Pilate is one of the Bible s best known villains but up until the tenth century artistic imagery appears to have consistently portrayed him as a benevolent Christian and holy symbol of baptism For the first time Pontius Pilate Anti Semitism and the Passion in Medieval Art provides a complete look at the shifting visual and textual representations of Pilate throughout early Christian and medieval art Colum Hourihane examines neglected and sometimes sympathetic portrayals and shows how negative characterizations of Pilate which were developed for political and religious purposes reveal the anti Semitism of the medieval period Hourihane indicates that in some artistic renderings Pilate may have been a symbol of good and in many a figure of jurisprudence Eastern traditions treated Pilate as a saint with his own feast day but Western accounts from the tenth century changed him from a Roman to a Jew Pilate became a vessel for anti Semitism his image acquired grotesque facial and physical characteristics and his role in Christ s Passion grew to mythic proportions By the fifteenth century however representations of Pilate came full circle to depict an aged and empathetic administrator Combining a wealth of previously unpublished sources with explorations of art historical developments Pontius Pilate Anti Semitism and the Passion in Medieval Art puts forth for the first time an encyclopedic portrait of a complex legend

Reading Medieval Images Elizabeth Sears,Thelma K. Thomas,2002 Contemporary approaches to analyzing art as applied to medieval works

Faithful Performances

Steven R. Guthrie,2016-04-15 The metaphor of performance has been applied fruitfully by anthropologists and other social theorists to different aspects of human social existence and furnishes a potentially helpful model in terms of which to think theologically about Christian life After an introductory editorial chapter

reflecting on the nature of artistic performance and its relationship to the notions of tradition and identity Part One of this book attends specifically to the phenomenon of dramatic performance and possible theological applications of it Part Two considers various aspects of the performance of Christian identity looking at worship the interpretation of the Bible Christian response to elements in the contemporary media the shape of Christian moral life and ending with a theological reflection on the shape of personal identity correlating it with the theatrical metaphors of character and performing a part in a scripted drama Part Three demonstrates how art forms including some technically non performative ones literature poetry painting may constitute faithful Christian practices in which the tradition is authentically performed producing works which break open its meaning in profound new ways for a constantly shifting context **Saracens, Demons, & Jews** Debra Higgs Strickland,2003 These images which reached a broad and socially varied audience across Western Europe appeared in virtually all artistic media including illuminated manuscripts stained glass sculpture metalwork and tapestry

Cross and Culture in Anglo-Saxon England Karen Louise Jolly,Catherine E. Karkov,Sarah Larratt Keefer,2008 As Volume One in the Sancta Crux Halig Rod series this collection of new research offers fascinating glimpses into how the way the cross the central image of Christianity in the Anglo Saxon period was textualized reified visualized and performed The cross in early medieval England was so ubiquitous it became invisible to the modern eye and yet it played an innovative role in Anglo Saxon culture medicine and popular practice It represented one of the most powerful relics emblems and images in medieval culture because it could be duplicated in many forms and was accessible to every layer of society The volume speaks to critical issues of cultural interpretation for Anglo Saxonists medievalists of all disciplines and those interested in cultural studies in general

Medieval State John Maddicott,2000-07-01 James Campbell's work has established the impressive powers of the Anglo Saxon state with its ability to impose laws raise revenue undertake major works and consult the interests and wishes of its subjects This collection of essays looks at the state and its successors from a number of angles
