The Church as Counterculture Michael L. Budde, Robert W. Brimlow, 2012-02-01 The question What does it mean to be the church has always been among the most controversial and of vital concern to political economic and ecclesial leaders alike How it is answered influences whether Christianity will be a force for legitimating or subverting existing secular relations of power influence and privilege The Church as Counterculture enters the debates on Christian identity purpose and organization by calling for the churches to reclaim their roles as communities of disciples distinct and distinctive groups formed by the priorities and practices of Jesus to constitute a countercultural reality and challenge to secular society and existing power relations The notion of the church as a countercultural community of disciples confounds many conventional divides within the Christian family liberal and conservative church and sect while forcing redefinition of commonplace categories like religion and politics sacred and secular The contributors to this book theologians social theorists philosophers historians Catholics and Protestants of various backgrounds reflect this shifting of categories and divisions The book provides thought provoking Christian perspectives on war and genocide racism and nationalism the legitimacy of liberalism and capitalism and more Contributors include Michael J. Baxter Robert W. Brimlow Walter Brueggemann Michael L. Budde Curt Cadorette Rodney Clapp Roberto S. Goizueta Stanley Hauerwas Marianne Sawicki and Michael Warren

**BOOK JACKET** **Crashing the Idols** Will D. Campbell, Richard C. Goode, 2010-04-01 If prophets are called to unveil and expose the illegitimacy of those principalities masquerading as the right and purportedly using their powers for the good then Will D. Campbell is one of the foremost prophets in American religious history Like Clarence Jordan and Dorothy Day Campbell incarnates the radical iconoclastic vocation of standing in contraposition to society naming and smashing the racial economic and political idols that seduce and delude Despite an action packed life Campbell is no activist seeking to control events and guarantee history's right outcomes Rather Campbell has committed his life to the proposition that Christ has already set things right Irrespective of who one is or what one has done each human being is reconciled to God and one another now and forever History's most scandalous message is therefore Be reconciled because once that imperative is taken seriously social constructs like race ethnicity gender and nationality are at best irrelevant and at worst idolatrous Proclaiming that far too many disciples miss the genius of Christianity's good news the kerygma of reconciliation this Ivy League educated preacher boldly and joyfully affirms

society's so called least one cultivating community with everyone from civil rights leaders and Ku Klux Klan militants to the American literati and exiled convicts Except for maybe the self righteous none is excluded from the beloved community For the first time in nearly fifty years Campbell's provocative Race and Renewal of the Church is here made available Gayraud Wilmore called Campbell's foundational work an unsettling reading experience but one that articulates an unwavering confidence in the victory which God can bring out of the weakness of the church
