**The Clockwork Traitor** Edward Elmer Smith, Stephen Goldin, 1977      **The Clockwork Traitor** E.E. 'Doc' Smith, Stephen Goldin, 2012-10-22 Jules and Yvette d'Alembert had faced challenges before but rarely one as daunting as this. To them fell the perilous task of infiltrating a vicious conspiracy which threatened to destroy the Stanley dynasty and throw the whole of interstellar civilisation into chaos. Now as rival candidates from all corners of the galaxy gather for the Progress, the two most daring space super agents of all time go into action. For among the suitors competing to be consort to the royal heiress of the Empire of Earth there is a traitor. And somewhere close to the Princess a time bomb is ticking      **Young Whit and the Traitor's Treasure** Phil Lollar, Dave Arnold, 2018-09-04 This Odyssey book series explores the history of the much loved character John Avery Whittaker. The series introduces newcomers to the larger world of Odyssey. For readers who are already Odyssey philes the novels provide the history of the franchise's most important character Whit and his family: father Harold, stepmother Fiona, half sister Charlie. They have just moved to Provenance, NC, in the middle of the Great Depression. Harold will be teaching at nearby Duke University. Not quite 10-year-old Johnny soon makes a friend in Emmy who lives across the street and joins him in his adventures. At his new school he encounters a bully who makes his life miserable and he makes a new friend in Huck, the custodian. Both of them play key roles in the mysteries and action. The central mystery in book 1 involves Confederate gold missing since the end of the Civil War and the question of whether Johnny's ancestor was the coward and thief who stole it as everyone believes      **The Traitor's Mark** D. K. Wilson, 2014-08-14 Each novel in this thrilling series of historical mysteries is based on a real unsolved Tudor crime. This second instalment reunites readers with its star London goldsmith Thomas Treviot. The Real Crime: Hans Holbein the Younger, King Henry VIII's portrait painter, died in the autumn of 1543. A century later a chronicler reported that the artist had succumbed to plague, yet there is no contemporary evidence to support this. Suspicions have been raised over the centuries but the mystery of what actually happened remains unsolved to this day. Our Story: Young London goldsmith Thomas Treviot is awaiting a design for a very important jewellery commission from Hans Holbein. When the design fails to turn up, Thomas sends a servant to track Holbein down only to discover that the painter has disappeared. In his hunt for Holbein and the lost design, Thomas is led into a morass of dangerous political intrigue, Spanish spies, and courtiers that is more treacherous than he could ever have anticipated      *Traitor's Moon* Robert Neill, 1952      *The double traitor.
