Make me to know Vol I-VI Author Melissa White, **Make me to know I** Author Melissa White, *Living Consciousness* G. William Barnard, 2012-04-01 Winner of the 2012 Godbey Authors Awards presented by the Godbey Lecture Series in Southern Methodist University's Dedman College of Humanities and Sciences *Living Consciousness* examines the brilliant but now largely ignored insights of French philosopher Henri Bergson 1859-1941 Presenting a detailed and accessible analysis of Bergson's thought G William Barnard highlights how Bergson's understanding of the nature of consciousness and in particular its relationship to the physical world remain strikingly relevant to numerous contemporary fields These range from quantum physics and process thought to philosophy of mind depth psychology transpersonal theory and religious studies Bergson's notion of consciousness as a ceaselessly dynamic inherently temporal substance of reality itself provides a vision that can function as a persuasive alternative to mechanistic and reductionistic understandings of consciousness and reality Throughout the work Barnard offers ruminations or neo Bergsonian responses to a series of vitally important questions such as What does it mean to live consciously authentically and attuned to our inner depths Is there a philosophically sophisticated way to claim that the survival of consciousness after physical death is not only possible but likely

Coming Before the Lord Doug Poole, 2020-08-05 Can we have a personal relationship with God today What does it require to become a believer Is it possible to enter the presence of God like they did in the OT Can anything from an old book like the Bible be used today Does applying the Scriptures in the twenty first century really answer today's questions for living life to the fullest The Old and New Testaments reveal much about the character of God Examples of both good and evil are revealed for our learning The results of both good and evil are explained in detail and we can see the results of each choice As we read through the Bible we see evidence of God's plan for mankind and opportunities to become more acquainted with Him Working together with the Holy Spirit provides guidance and understanding that are intended to strengthen and help us This wisdom has practical applications that provide a better way to handle life He has revealed ways we can use to personalize a relationship with Him that can grow over time Entering His Presence is possible today because of what Christ accomplished by his death burial and resurrection The finished work of Christ has opened a gateway to the throne of God that was not available to each believer before We become like the priests of old and have access to the Father Old Testament rituals have been replaced with New Testament opportunities that seek Him and receive help and understanding The sending of the Holy Spirit has provided us with the Helper that resides inside of every believer We can have a personal relationship with our Creator Entering His Presence is possible today because Christ broke down the barrier that once stood between God and man Come join Him through the scriptural invitation that is extended to all Experience the finished work of Christ right now before His return Now is the acceptable time to call upon His name and live life to the fullest and become ready for the eternity that awaits you
