The Collected Poetry Of Aldous Huxley

Richard K. Gardner, Phyllis Grumm

The Collected Poetry Of Aldous Huxley:

The Collected Poetry of Aldous Huxley Aldous Huxley, 1971 *Selected Poems* Aldous Huxley, 2022-06-03 In *Selected Poems* Aldous Huxley presents a curated collection that traverses the complexities of human experience through evocative imagery and philosophical depth. The poems encapsulate Huxley's signature lyrical style, marked by a keen attentiveness to language and a probing intellect that explores themes of nature, existential inquiry, and the human condition. Set against the backdrop of early 20th-century literary movements, Huxley's work reflects the tension between modernity and spirituality, offering readers an intimate glimpse into the intellectual climate of his time. Aldous Huxley, renowned for his dystopian novel *Brave New World*, was deeply influenced by his eclectic academic background and rich familial heritage in literature and science. His diverse experiences, including his interest in philosophy, psychology, and the human psyche, significantly informed his poetic voice. Furthermore, his exposure to various cultures and ideologies during his travels enriched his literary inquiries, making his poetry both introspective and expansive in its thematic scope. *Selected Poems* is a must-read for those seeking profound reflections on existence and beauty. Huxley's mastery of verse invites readers into a contemplative journey, making it an essential addition to the library of anyone interested in the intersections of poetry, philosophy, and the human experience.

Chapters into Verse: Poetry in English Inspired by the Bible Robert Atwan, Laurance Wieder, 1993-05-06 For generations poets have turned to the Bible for insight and inspiration. What did so many creative minds find in scripture? Is the Bible still a vital source of poetic inspirations? *Chapters Into Verse* is the first comprehensive collection ever made of poems written in English inspired by the Bible. A groundbreaking anthology, it introduces readers to a distinct heritage of English poetry: the scriptural tradition. Though frequently ignored and sometimes suppressed, this tradition rivals the classical and is every bit as venerable. Drawing a unique map of the history of English poetry, the two volumes of *Chapters Into Verse* survey and define the literary legacy of the Scriptures from the fourteenth century to the present. Each volume is arranged in scriptural order, and each poem is preceded by the biblical passage that inspired it. Thus, readers can conveniently witness the various ways sacred text has sparked the imagination of poets throughout the ages. In Volume I, which covers Genesis to Malachi, almost every book of the Old Testament is represented. The collection features verses both famous and unfamiliar, from Milton's *Paradise Lost* and Lord Byron's *Hebrew Melodies* to Christopher Smart's hymns and Mary Herbert's psalms. The editors have included poems by virtually all the prominent religious poets, among them John Donne, George Herbert, Henry Vaughan, Edward Taylor, and Gerard Manley Hopkins. Included too are devotional and visionary works from a wide range of vintage poets: Robert Burns, William Blake, Walt Whitman, Emily Dickinson, Christina Rossetti, Alfred Tennyson, and Robert Browning. Proving that the Bible is just as powerful a source of inspiration today as it was in the past, the collection assembles a mixed congregation of modern and contemporary poets, such as Marianne Moore, Delmore Schwartz, Dylan Thomas, Robert Frost, William Carlos Williams, Countee Cullen, e. e. cummings, William Butler Yeats, Robert Lowell, Hugh MacDiarmid, and Laura Riding.

Jackson Charles Reznikoff A D Hope Geoffrey Hill Denise Levertov Philip Levine John Ashbery and Derek Walcott Of enduring interest to readers of both scripture and literature this anthology illuminates key passages of the Old Testament The measured speech and inspired leaps of poetry offer a spirited alternative to the textual exegesis usually supplied by prose commentary As such Chapters Into Verse is truly a poets Bible In selection after selection readers will encounter an astonishing variety of religious experiences as a host of poets from many eras and many backgrounds respond to Holy Scripture spiritually profoundly and imaginatively

The Oxford Encyclopedia of British Literature David Scott Kastan,2006-03-03 From folk ballads to film scripts this new five volume encyclopedia covers the entire history of British literature from the seventh century to the present focusing on the writers and the major texts of what are now the United Kingdom and the Republic of Ireland In five hundred substantial essays written by major scholars the Encyclopedia of British Literature includes biographies of nearly four hundred individual authors and a hundred topical essays with detailed analyses of particular themes movements genres and institutions whose impact upon the writing or the reading of literature was significant An ideal companion to The Oxford Encyclopedia of American Literature this set will prove invaluable for students scholars and general readers For more information including a complete table of contents and list of contributors please visit www.oup.com/us/eb1

English Responses to French Poetry 1880-1940 Jennifer Higgins,2017-12-02 Between 1880 and 1940 English responses to French poetry evolved from marginalised expressions of admiration associated with rebellion against the establishment to mainstream mutual exchange and appreciation The translation of poetry underwent a simultaneous evolution from attempts to produce definitive renderings to definitions of translation as an ongoing generative process at the centre of literary debate This study traces the impact of French poetry in England via a wide range of translations by major poets of the time as well as renderings by now forgotten writers It explores poetry and translations beyond the limits of the usual canon and identifies key moments of influence from late 19th century English homages to Victor Hugo as a liberal icon to Ezra Pound re interpreting Charles Baudelaire for the 20th century

The Nationality of Utopia Maxim Shadurski,2019-08-14 Since its generic inception in 1516 utopia has produced visions of alterity which renegotiate subvert and transcend existing places Early in the twentieth century H G Wells linked utopia to the World State whose post national post Westphalian emergence he predicated

on English national discourse This critical study examines how the discursive representations of England's geography continuity and character become foundational to the Wellsian utopia and elicit competing response from Wells's contemporaries particularly Robert Hugh Benson and Aldous Huxley with further ramifications throughout the twentieth century Contextualized alongside modern theories of nationalism and utopia as well as read jointly with contemporary projections of England as place reactions to Wells demonstrate a shift from disavowal to retrieval of England on the one hand and from endorsement to rejection of the World State on the other Attempts to salvage the residual traces of English culture from their degradation in the World State have taken increasing precedence over the imagination of a post national order This trend continues in the work of George Orwell Anthony Burgess J G Ballard and Julian Barnes whose future scenarios warn against a world without England The Nationality of Utopia investigates utopia's capacity to deconstruct and redeploy national discourse in ways that surpass fear and nostalgia

The Great Thoughts, Revised and Updated George Seldes, 2011-08-17 Upon its publication George Seldes's *The Great Thoughts* instantly took its place as a classic a treasure house of the seminal ideas that have shaped the intellectual history of the world down through the ages Seldes a pivotal figure in the history of American journalism and a tireless researcher spent the better part of his extraordinary lifetime compiling the thoughts that rule the world casting his net widely and wisely through the essential works of philosophy poetry psychology economics politics memoirs and letters from the ancient Greeks to the modern Americans Now Seldes's splendid and important work has been revised and updated to include the great thoughts that have changed our world in the decade since the book's first appearance Quotations from leaders as varied as Nelson Mandela Lech Walesa Yitzhak Rabin Newt Gingrich and Jesse Jackson reflect the radical shifts in the world political scene Toni Morrison and Cornel West speak out on the enduring vitality of African American culture Alvin Toffler and Arthur C Clarke give us a glimpse into the future Gloria Steinem and Monique Wittig define the motives and the goals of late twentieth century feminism Rachel Carson Aldo Leopold and Wallace Stegner ponder the meaning of wilderness in an increasingly populated and industrialized world These and scores of other thinkers in all major disciplines have added their voices to this new edition of *The Great Thoughts* USA Today praised the first edition of *The Great Thoughts* as a browser's delight The work of a lifetime brought up to date to reflect the global upheaval of the past decade *The Great Thoughts* stands alone as an enduring achievement and an invaluable resource
