The Church's Problem With Bible Scholars Synthesis Series:

The Church's Problem with Bible Scholars George Anthony Kelly, 1985 *New Testament Abstracts*, 1986 *What the Church Has Hidden from Us* Russ Miner, 2003-04 *The Nature of Biblical Criticism* John Barton, 2007-01-01 Biblical criticism faces increasing hostility on two fronts from biblical conservatives who claim it is inherently positivistic and religiously skeptical and from postmodernists who see it as driven by the falsities of objectivity and neutrality In this magisterial overview of the key factors and developments in biblical studies John Barton demonstrates that these evaluations of biblical criticism fail to do justice to the work that has been done by critical scholars over many generations Traditional biblical criticism has had as its central concern a semantic interest a desire to establish the plain sense of the biblical text which in itself requires sensitivity to many literary aspects of texts Therefore he argues biblical criticism already includes many of the methodological approaches now being recommended as alternatives to it and further the agenda of biblical studies is far less fragmented than often thought *Books in Series, 1876-1949* R.R. Life of the Church Claus Westermann, 1978 The Old Testament idea of salvation shows an important relationship between
