with Gaul evidence suggests they also spread as far as Portugal Though they were spread out across Europe before the height of the Roman Empire most people associate the Celts with the British Isles today particularly Ireland and Scotland After they had been relegated to those smaller regions as a result of the Romans and other migrations the culture of the Celts as it is currently understood began to congeal during the Early Middle Ages and Celtic culture folklore and legend have all become inextricably intertwined with Irish history and British history as a whole While much of the world associates the Celts with the British Isles and Ireland specifically Celtic is typically used in the British Isles as a way to describe anything that is in contrast to the dominant Saxon Anglo Saxon or English culture It is impossible to separate these two Celtic in this sense exists because it can be contrasted to English and vice versa The Celts and Celtic things are viewed as more natural emotional irrational tradition bound hot headed and feminine The English are seen as more civilized rational forward thinking cool headed and masculine For many centuries the Church of England was seen as a paragon of Englishness defended as the most rational and civilized of religions but recently there has been a growing trend towards Celtic Christianity within the Church This tendency attempts to create a Christianity that is more balanced between the genders kinder to nature and more in tune with the mystical and spiritual This division was dramatically portrayed in the film Braveheart when the Celtic Scots were led by an emotionally charged wild tempered absurdly brave freedom loving William Wallace while the English were carefully organized coldly cruel and strategic defenders of an oppressive central government The World s Greatest Civilizations The History and Culture of the Celts comprehensively covers the history culture and legacy of the Celts from their origins in Europe to their influence in Great Britain Along with pictures and a bibliography you will learn about the Celts like you never have before in no time at all **Epitome of Ancient, Mediæval, and Modern History** Carl Ploetz,1883 **The History of Rome** Theodor Mommsen,1894 *The Celtic Magazine* Alexander Mackenzie,Alexander Macgregor,Alexander Macbain,1882 **The History of Herodotus** Herodotus,1880 *Celtic Linguistics, 1700-1850: pt. 3.
