**International Commercial Arbitration** Gary B. Born, 2014-10-01 The second edition of Gary Born's International Commercial Arbitration is an authoritative 4408 page treatise in three volumes providing the most comprehensive commentary and analysis on all aspects of the international commercial arbitration process that is available. The first edition of International Commercial Arbitration is widely acknowledged as the preeminent commentary in the field. It was awarded the 2011 Certificate of Merit by the American Society of International Law and was voted the International Dispute Resolution Book of the Year by the Oil Gas Mining and Infrastructure Dispute Management list serve in 2010. The first edition has been extensively cited in national court decisions and arbitral awards around the world. The treatise comprehensively examines the law and practice of contemporary international commercial arbitration thoroughly explicating all relevant international conventions, national arbitration statutes and institutional arbitration rules. It focuses on both international instruments, particularly the New York Convention, and national law provisions in all leading jurisdictions, including the UNCITRAL Model Law on International Commercial Arbitration. Practitioners, academics, clients, institutions and other users of international commercial arbitration will find clear and authoritative guidance in this work. The second edition of International Commercial Arbitration has been extensively revised, expanded and updated to include all material legislative, judicial and arbitral authorities in the field of international arbitration prior to January 2014. It also includes expanded treatment of annulment, recognition of awards, counsel ethics, arbitrator independence and impartiality and applicable law. Overview of volumes: Volume I covering International Arbitration Agreements provides a comprehensive discussion of international commercial arbitration agreements. It includes chapters dealing with the legal framework for enforcing international arbitration agreements, the separability presumption, choice of law, formation and validity, nonarbitrability, competence-competence and the allocation of jurisdictional competence, the effects of arbitration agreements, interpretation and non-signatory issues. Volume II covering International Arbitration Procedures provides a detailed discussion of international arbitral procedures. It includes chapters dealing with the legal framework for international arbitral proceedings, the selection, challenge and replacement of arbitrators, the rights and duties of international arbitrators, selection of the arbitral seat, arbitration procedures, disclosure and discovery, provisional measures, consolidation, joinder and intervention, choice of substantive law, confidentiality and legal representation and standards of professional conduct. Volume III dealing with International Arbitral Awards provides a detailed discussion of the issues arising from international arbitration awards. It includes chapters covering the form and contents of awards, the correction, interpretation and supplementation of awards, the annulment and confirmation of awards, the recognition and enforcement of arbitral awards and issues of preclusion, lis pendens and stare decisis. Arab Oil & Gas, 2006 *Iran and the Global Economy* Parvin Alizadeh, Hassan Hakimian, 2013-12-17 The relationship between religion and the state has entered a new phase ever since the Iranian

Revolution more than three decades ago The recent mass uprisings against autocratic rulers in the Arab world have highlighted the potency of Islamist forces in post revolutionary societies in the region a force arguably unlocked first by Iran's version of the spring three decades ago The economic ramifications of these uprisings are of special interest at a time when the possibility of the creation of Islamic states can have implications for their economic policy and performance again A study of the Iranian experience in itself can offer rare insights whether for its own features and characteristics or for its possible lessons and implications for recent events in the region This book is concerned with the economic aspects and consequences of the Iranian Revolution in general and its interaction with the international economy in particular Many studies have to date dealt with Iran's economic challenges policies and performance in the post revolutionary period but its interaction with the international economy although of growing importance has not received sufficient attention The contributions in this volume by experts in the field address ways in which in the span of three decades Iran's economy has evolved from a strong aspiration to develop an independent economy to grappling with debilitating international economic sanctions
