**Configurations** Allan H. Pasco,1994 During a period when the field of literary studies turned away from texts to theory Novel Configurations A Study of French Fiction has become an underground classic Although it proposes a theory that theory is inductive and solidly based in real works of fiction While looking again at significant masterpieces that range from the early nineteenth to the late twentieth centuries from the creations of traditional french writers to that of an Argentine who spent most of his productive life in France Allan H Pasco has perceptively indicted new but valid close readings that have revolutionized our view of these works He suggests that La Chartreuse de Parme is rigorously organized that Balzac was a narrational minimalist that Huysmans developed novelistic strategies that would be played out in the Nouvea Roman that Proust intended good readers to come away from A la recherche du temps perdu with very different but complementary interpretations that Robbe Grillet s La Jalousie turns on a plot that seems strange only because it takes place in the mind of the narrator From these philololgically sophisticated interpretations Pasco lucidly elegantly and wittily points to categories that include all fiction Concentrating on patterns and description on the one hand and external and internal organization on the other Novel configurations proposes a new classification that can be easily taught to novices though it will help even professional readers understand the most complex fictional innovations    **Freedom's Moment** Paul M. Cohen,2007-12-01

What kind of freedom and what kind of individual has the French Revolutionary tradition sought to propagate Paul Cohen finds a distinctly French articulation of freedom in the texts and lives of eight renowned cultural critics who lived between the eighteenth century and the present day Arranged not according to the lives and times of its protagonists but to the narrative themes and structures they held in common Cohen s study discerns a single master narrative of liberty in modern France He captures these radicals whose tradition bids them to resist the authority of power structures and public opinion They denounce bourgeois and utilitarian values the power of Church and State and the corrupting influence of everyday politics and they dream of a revolutionary rupture a fleeting instant of sometimes violent but always meaningful transgression An eloquent and insightful work on French political culture Freedom s Moment also helps explain how France even as it has oscillated between political stagnation and crisis has held onto its faith that liberty equality and fraternity remain within its grasp Examines the ideas of Rousseau Robespierre Stendahl Michelet Bergson Peguy Sartre and Foucault

**A World Abandoned by God** Susanna Lee,2006 The idea of God in one form or another is a fundamental part of human experience a given almost And yet for over one hundred and fifty years we have lived in a world become increasingly secular The goal of this book is to reconcile these facts or rather to examine their interaction and in so doing to understand the idea and the experience of secularism Concentrating on five canonical French and Russian novels of the nineteenth century

Stendahl's *The Red and the Black* Gustave Flaubert's *Madame Bovary* Ivan Turgenev's *A Nest of Gentry* Jules Barbey d'Aurevilly's *Bewitched* and Fyodor Dostoevsky's *Demons* and using the instruments of narrative theory this book offers a groundbreaking critical foundation for understanding both the evolution of secular culture and the new role of the individual in modern ethical political and spiritual contexts *Sick Heroes* Allan H. Pasco, 1997 Making use of new research materials *Sick Heroes* offers fresh insight into the romantic spirit. It sheds light on the particular creations of the romantic world on the causes for Romanticism on French Romanticism as an aesthetic and social reality and on the period's collective mentality

Pritchett, 2011-10-28 *The Other Side of a Frontier* is a celebration of the distinguished contribution which V.S. Pritchett has made to English letters over the past fifty years. Introduced by the author the collection has been chosen from his short stories literary criticism biographies and travel writing and includes extracts from his autobiographies. It provides a perfect introduction to a universally acknowledged master of the English language *Selfhood, Fiction, & Desire in Stendhal's Vie de Henry Brulard & Armance* Joan D. Cremin, 1998 This study centers on an evaluation of empirical self hood desire and fiction in two texts by Stendhal *Vie de Henry Brulard* and *Armance* which amply demonstrate the psychological rupture and linguistic experiments at work in his writing. Specifically in *Vie* it examines how the complex disrupting dimension of Stendhal's writing affects his poetics of the sublime his ironic need for selfreinvention and his subversive relationship to established esthetic norms. Similarly the theme of desire is explored in *Armance* within the context of a decadent Romantic novel by creating an erotic subtext which suggests but never names the origin of the hero's secret. The close textual analysis sheds new light on Stendhal's skeptical approach to literature *Concepts of the Self in the Modern Novel* Elizabeth Brody Tenenbaum, 1971 **The Continental Novel** Louise S. Fitzgerald, Elizabeth I. Kearney, 1983

**English Language Notes**, 1970 *The Romantic Movement* Aubrey Christian Elkins, Lorne J.
