## **Stepmothers Try Harder:**

*Lessons for Step Mothers* Geeta Maheshwari, 2013-11-14 Ever since Cinderella the word wicked seems to have got permanently prefixed to step mothers which is not only unfair it is also not true Most women consider step motherhood as their lifes highest calling They go above and beyond the call of duty to make their step children feel loved and welcomed and all they get is attitudes eye rolls and sarcastic remarks They cant even share their pain with anyone because if they do the only thing they get to hear every time is well you knew there were kids involved Every step mother to be knows there are kids involved Of course she does She has just no idea how demanding and difficult her job is going to be With duties and responsibilities sans the rights and the glory caring for someone elses children can be very demoralizing Plus with the wicked step mother myth chasing her like a shadow 24x7 it is difficult for her to just be No wonder most step mothers consider their journey the hardest road travelled What a step mother needs to realize is that she can neither change societys perception of her nor can she win her step children over by becoming a doormat in her own home Instead she should invest her time and energy to learn about her step family and her role therein Thats where this book will come in handy It has some very useful lessons that will guide every woman who is either contemplating step motherhood or is already there and struggling to Comprehend the intricate dynamics of step Know why she is a soft target Debunk step family myths Bond with her step kids Keep her identity Prevent step maternal burnout Protect her sanity *Birth of an Adoptive, Foster or Stepmother* Barbara Waterman, 2003-09-18 Adoptive foster and stepmothers like biological mothers find their lives completely changed by motherhood although they are not always granted the rights and privileges accorded to those who give birth Barbara Waterman explores the common experiences that are shared by all those who enter the motherhood portal **Cinderella** William Glennon, 1991 *Impact of Divorce, Single Parenting and Stepparenting on Children* E. Mavis Hetherington, 2014-01-02 This book a result of a conference sponsored by the National Institute of Child Health and Human Development explores developmental and clinical evidence of how divorce and the transition to single parenting and stepparenting affects children Many of the articles collected here look at the legal measures being used to make such transitions easier for families **Stepmothers** Merry Bloch Jones, Jo Ann Schiller, 1992 Based on interviews with fifty two stepmothers a guide to surviving in this often uncomfortable role discusses the realities of changes in routines and lifestyles territorial squabbles co parenting and more **Stepmothers Try Harder** Penny Humphrey, 1987 Offers humorous descriptions of the many good qualities of stepmothers and includes cartoons of stepmothers in action **Love and Intimate Relationships** Norman M. Brown, Ellen S. Amatea, 2000 First Published in 2000 Routledge is an imprint of Taylor Francis an informa company *Parenting in Contemporary Society* Tommie J. Hamner, 1990 *The Young Step-mother* Charlotte Mary Yonge, 1889 The story of Albinia a young woman of four and twenty **Remarriage and Stepparenting** Kay Pasley, Marilyn Ihinger-Tallman, 1987-10-05 Since the mid 1970 s the texture of modern society has been changed

dramatically by the increasing presence of the stepfamily No longer considered the exception to the norm the stepfamily has been thrust into the mainstream by a 50% divorce rate combined with a high incidence of remarriage According to some estimates 35% of children born in the 1980 s will experience stepfamily living by the time they reach the age of 18 Although interest in remarriage and stepfamily relationships is growing the literature often takes the form of popular work or anecdotal accounts with minimal data This volume provides a much needed overview of current research and theory in the field It stems from a series of meetings sponsored by the Society for Research in Child Development and funded by the Foundation for Child Development The nine scholars who participated in the year long study group along with two others prominent in the field have produced a work which explores the intricacies of remarriage and stepfamily living from a variety of perspectives How do divorce and remarriage determine parent s adjustment and parent child relationships How are the boundaries set within this new family form What are the dynamics between biological and step parents both within the newly created nuclear family and within the linked family units those tied together for life by their common children This comprehensive volume sheds new light on these issues and more including the relatively untouched area of stepsibling relationships It incorporates findings from five recent research studies providing data not available elsewhere The contributors also examine the stepfamily within historical social and cultural contexts from changing demographics to stepfamily stereotypes They cast a critical eye on current literature in the field and on research methodologies providing insights on the changing nature of the stepfamily and developing conceptual frameworks for further research With so much important up to date scholarship under one cover REMARRIAGE AND STEPPARENTING TODAY is a valuable resource for researchers and clinicians in the areas of sociology psychology psychiatry and social work as well as for advanced students pursuing any of these disciplines
