Gibbs, 2021-06-24 It has taken me several years of exploration but I am at a place now where I see autism as neither an affliction nor a superpower It's just the blueprint for who I am There is no cure but that's absolutely fine by me To cure me of my autism would be to cure me of myself During the first thirty years of her life comedy script writer Sara Gibbs had been labelled a lot of things a cry baby a scaredy cat a spoiled brat a weirdo a show off but more than anything else she'd been called a Drama Queen No one understood her behaviour her meltdowns or her intense emotions She felt like everyone else knew a social secret that she hadn't been let in on as if life was a party she hadn't been invited to Why was everything so damn hard Little did Sara know that at the age of thirty she would be given one more label that would change her life's trajectory forever That one day sitting next to her husband in a clinical psychologist's office she would learn that she had never been a drama queen or a weirdo or a cry baby but she had always been autistic Drama Queen is both a tour inside one autistic brain and a declaration that a diagnosis on the spectrum with the right support accommodations and understanding doesn't have to be a barrier to life full of love laughter and success It is the story of one woman trying to fit into a world that has often tried to reject her and most importantly it's about a life of labels and the joy of ripping them off one by one
