E. Zuelow, 2009-03-01 From the dark shadow of civil war to the pastel painted towns of today *Making Ireland Irish* provides a sweeping account of the evolution of the Irish tourist industry over the twentieth century Drawing on an extensive array of previously untapped or underused sources Eric G E Zuelow examines how a small group of tourism advocates inspired by tourist development movements in countries such as France and Spain worked tirelessly to convince their Irish compatriots that tourism was the secret to Ireland's success Over time tourism went from being a national joke to a national interest Men and women from across Irish society joined in eager to help shape their country and culture for visitors eyes The result was Ireland as it is depicted today a land of blue skies smiling faces pastel towns natural beauty ancient history and timeless traditions With lucid prose and vivid detail Zuelow explains how careful planning transformed Irish towns and villages from grey and unattractive to bright and inviting sanitized Irish history to avoid offending Ireland's largest tourist market the English and supplanted traditional rural fairs revolving around muddy animals and featuring sexually suggestive ceremonies with new family friendly festivals and events filling today's tourist calendar By challenging existing notions that the Irish tourist product is either timeless or the consequence of colonialism Zuelow demonstrates that the development of tourist imagery and Irish national identity was not the result of a handful of elites or a postcolonial legacy but rather the product of an extended discussion that ultimately involved a broad cross section of society both inside and outside Ireland Tourism he argues played a vital role in making Ireland Irish *"Since O'Casey" and Other Essays on Irish Drama* Robert Hogan, 1983 In this collection of lucid essays that cover eighty years of modern Irish drama Robert Hogan writes about the major Irish dramatists of the 20th century and their impact on audiences and on other playwrights as well as considering the works themselves In them he uses a variety of critical techniques ranging from biography to studies of influence structure and dialogue to history and anecdote and the ill treatment of several sacred cows In addition to essays on such giants as Synge O'Casey and Beckett the book deals with more neglected figures such as W J Lawrence and the still insufficiently appreciated George Fitzmaurice and Denis Johnston It also presents a full critical survey of the years 1963-83 in which exciting writers like Brian Friel Hugh Leonard and John B Keane made their mark The author's style and varied ways of dealing with the subjects make this volume particularly enjoyable as well as informative reading *The Grown-Ups* Nicholas Kelly, 2006-02-09 A play for our times looking at the way we live now and the thirtysomething preoccupation with status
