representation Diana Barsham discusses Doyle's career in the context of that nineteenth century biographical tradition which Dr Watson so successfully appropriated. It explores Doyle's determination to become a great name in the culture of his day and the strains on his identity arising from this project. A Scotsman with an alcoholic Irish fairy painting father, Doyle offered himself and his writings as a model of British manhood during the greatest crisis of British history. Doyle was committed to finding solutions to some of the most difficult cultural problematics of late Victorian masculinity. As novelist, war correspondent, historian, legal campaigner, propagandist and religious leader, he used his fame as the creator of Sherlock Holmes to refigure the spirit of British Imperialism. This original and thought provoking study offers a revision of the Doyle myth. It presents his career as a series of dialogic contestations with writers like Thomas Hardy and Winston Churchill to define the masculine presence in British culture. In his spiritualist campaign, Doyle took on the figure of St Paul in an attempt to create a new religious culture for a Socialist age. *Sir Arthur Conan Doyle at the Cinema* Scott Allen Nollen, 2004-12-10. In February 1903 a 30 second film titled *Sherlock Holmes Baffled* was released by American Mutoscope and Biograph Company, the first known adaptation of the work of Sir Arthur Conan Doyle. Though he is most closely associated with Sherlock Holmes, other Conan Doyle works have found their way to the silver screen including the science fiction classic *The Lost World* 1925. The major adaptations of all of Conan Doyle's literary works are fully covered here, plus a 1927 one reel documentary in which the author talks about his work and his psychic beliefs.
