

# PRINCIPLE OF DOUBLE EFFECT

Catholic-Link

- 1 The act itself must be morally good or at least indifferent.

2

The agent may not positively will the bad effect but may permit it. If he could attain the good effect without the bad effect he should do so. The bad effect is sometimes said to be indirectly voluntary.

3

The good effect must flow from the action at least as immediately.

4

There must be a very serious reason that the evil effect is tolerated. The good effect that is directly intended must be significantly more dire to attain than the bad effect that is accepted. Again, we are assuming that there is no other way to achieve the gravely necessary good that is desired.

**The History of Catholic Emancipation and the Progress of the Catholic Church in the British Isles** William Joseph Amherst, 1886      Poets and Prophets of the Resistance Joaquín M. Chávez, 2017-01-25 Poets and Prophets of the Resistance offers a ground up history and fresh interpretation of the polarization and mobilization that brought El Salvador to the eve of civil war in 1980 Challenging the dominant narrative that university students and political dissidents primarily formed the Salvadoran guerrillas Joaquín Chávez argues that El Salvador's socioeconomic and political crises of the 1970s fomented a groundswell of urban and peasant intellectuals who collaborated to spur larger revolutionary social movements Drawing on new archival sources and in depth interviews Poets and Prophets of the Resistance contests the idea that urban militants and Roman Catholic priests influenced by Liberation Theology single handedly organized and politicized peasant groups Chávez shows instead how peasant intellectuals acted as political catalysts among their own communities first particularly in the region of Chalatenango laying the groundwork for the peasant movements that were to come In this way he contends the Salvadoran insurgency emerged in a dialogue between urban and peasant intellectuals working together to create and execute a common revolutionary strategy one that drew on cultures of resistance deeply rooted in the country's history poetry and religion Focusing on this cross pollination this book introduces the idea that a pedagogy of revolution originated in this historical alliance between urban and peasant making use of secular and Catholic pedagogies such as radio schools literacy programs and rural cooperatives This pedagogy became more and more radicalized over time as it pushed back against the increasingly repressive structures of 1970s El Salvador Teasing out the roles of little known groups such as the politically active La Masacuata literary movement the contributions of Catholic Action intellectuals to the New Left and the overlooked efforts of peasant leaders Poets and Prophets of the Resistance demonstrates how trans class political and cultural interactions drove the revolutionary mobilizations that anticipated the Salvadoran civil war      **Sacred Threads** Katharine Massam, 1996 Three sections explore the complex lives of ordinary people who continually made choices about the way they expressed their faith Part one begins with a brief survey of the context of lay Catholics in Adelaide and Perth between 1922 and 1962 considering the place of Catholics in wider society and      **Resistance and Collaboration in Hitler's Empire** Vesna Drapac, Gareth Pritchard, 2017-09-16 This new study provides a concise accessible introduction to occupied Europe It gives a clear overview of the history and historiography of resistance and collaboration It explores how these terms cannot be examined separately but are always entangled Covering Europe from east to west this book aims to explore the evolution of scholarly approaches to resistance and collaboration Not limiting itself to any one area it looks at armed struggle daily life complicity and rescue the Catholic Church and official and public memory since the end of the war      **Catholicism and Crisis in Modern France** William Bosworth, 2015-12-08 The author discusses the role of French Catholicism in the internal and foreign affairs of modern France with a detailed examination of French Catholic groups and

their effect on temporal life Presenting a wealth of material from official archives and files of French Catholic periodicals and organizations Mr Bosworth supplements his research by direct interviews with key personnel from a variety of Catholic groups Originally published in 1961 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

*Laboring to Learn* Lorna Rivera,2024-04-22 The American adult education system has become an alternative for school dropouts with some state welfare policies requiring teen mothers and women without high school diplomas to participate in adult education programs to receive aid Currently low income women of color are more likely to be enrolled in the lowest levels of adult basic education Very little has been published about women s experiences in these mandatory programs and whether the programs reproduce the conditions that forced women to drop out in the first place Lorna Rivera bridges the gap with this important study the product of ten years active ethnographic research with formerly homeless women who participated in adult literacy education classes before and after welfare reform She draws on rich interviews with organizers and participants in the Adult Learners Program at Project Hope a women s shelter and community development organization in Boston s Dudley neighborhood one of the poorest in the city Analyzing the web of ideological contradictions regarding work first welfare reform policies Rivera argues that poverty is produced and reproduced when women with low literacy skills are pushed into welfare to work programs and denied education She examines how various discourses about individual choice and self sufficiency shape the purposes of literacy how low income women express a sense of personal responsibility for being poor and how neoliberal ideologies and practices compromise the goals of critical literacy programs Throughout this study the voices and experiences of formerly homeless women challenge cultural stereotypes about poor women showing in personal and structural terms how social and economic forces shape and restrict opportunities for low income women of color
