**Agamben's Ethics of the Happy Life** Ype de Boer,2024-08-22 Ype de Boer invites you to rethink what you know about the philosophy of Giorgio Agamben In a compelling and original argument De Boer contends that in the work of Agamben ethics takes primacy over politics Presenting a careful evaluation of Agamben's overlooked contribution to ethics this book explores his enigmatic yet central concept of the happy life By reading Agamben's philosophy in terms of a poetico philosophical experiment a term coined by the Italian philosopher himself and one through which he questions our very mode of existence De Boer assesses the variety of ethical paradigms that Agamben's work offers This not only challenges the widespread misconception of Agamben as the dark prophet known for his pessimistic even nihilistic political critiques but reveals how understanding the various facets of the happy life allows for a better appreciation of his attacks on the ethico political condition Agamben's Ethics and the Happy Life demonstrates that ultimately Agamben seeks to formulate an alternative notion of ethics politics and ontology that will lead us out of nihilism Tracing Agamben's positive moral philosophy through his key works including the seminal Homo Sacer series De Boer uncovers how for Agamben a happy life is one directed not by responsibility guilt action and duty but by receptivity love use and potentiality *The Good Life* Burton
