The Grand Obsession A Collins Anthology Of Opera:

The Operatic State Ruth Bereson, 2003-09-02 The Operatic State examines the cultural financial and political investments that have gone into the maintenance of opera and opera houses in Europe the USA and Australia It analyses opera s nearly immutable form throughout wars revolutions and vast social changes throughout the world Bereson argues that by legitimising the power of the state through universally recognised ceremonial ritual opera enjoys a privileged status across three continents often to the detriment of popular and indigenous art forms *Phantasmagoria* David T Evans, 2018-11-09 First published in 1999 this original and entertaining sociological study takes a comprehensive and critical view of opera as unique cultural artefact as loss making industry as institution with a museum culture and as consumed commodity of rare distinction and elaborate ritual Specific chapters deal with opera within the contexts of musicological analysis auratic art and fetishized taste opera as business and as museum singers opera producers opera and audiences opera There is also a chapter on opera popular commercialised fragments of opera outside the opera house consumed by and through all manner of reproduced means CD video Three Tenors concerts film and TV soundtracks advertising jingles etc Despite the supposed popularisation and successful commercial exploitation of opera during the past decade or so this study concludes that opera remains an art form institution and ritual of relative inaccessibility and exclusiveness The commercial interest in and profitability of opera do not translate into new popular audiences in the opera house The increased dependency of opera companies on corporate funding in the face of retreating government subsidies may have brought a new elite audience into the expensive seats pandered to by the introduction of surtitles etc but the traditional elite has succeeded in closing down entry to opera in other select venues where opera continues to confirm and maintain their select identity and prestige of their life style Crime and Music Dina Siegel, Frank Bovenkerk, 2020-12-07 This unique volume explores the relationship between music and crime in its various forms and expressions bringing together two areas rarely discussed in the same contexts and combining them through the tools offered by cultural criminology Contributors discuss a range of topics from how songs and artists draw on criminality as inspiration to how musical expression fulfills unexpected functions such as building deviant subcultures encouraging social movements or carrying messages of protest Comprised of contributions from an international cohort of scholars the book is categorized into five parts The Criminalization of Music Music and Violence Organised Crime and Music Music Genocide and Crimes Against Humanity and Music as Resistance Spanning a range of cultures and time periods Crime and Music will be of interest to researchers in critical and cultural criminology the history of music anthropology ethnology and sociology **Sourcebook for Research in Music** Phillip Crabtree, Donald H. Foster, 1993 This bibliography of bibliographies lists and describes sources from basic references to highly specialized materials Valuable as a classroom text and as a research tool for scholars librarians performers and teachers

Phantasmagoria David Trevor Evans, 1999 This is an exploration of contemporary discourses and practices on and

around opera as a cultural form This text examines such areas as high art popular entertainment and star performers The main aim of the book is not to give a history of opera or to be an encyclopaedia of opera but to provide a comprehensive sociological account of opera s current socio cultural standing contemporary representations of opera and opera s fragmented incorporation into mass or popular commercial culture *In Solitude, for Company* Wystan Hugh Auden,1995 The third volume of Auden Studeis presents Auden in maturity and includes a large amount of previously unpublished prose by him The book concentrates on the relatively unexplored area of Auden s post 1940 writings and the letters essay and lectures printed here demonstrate the Goethean scope of his intellect which ranged easily from psychoanalysis to theology archaeology to politics In Solitude for Company contains two hitherto unpublished and little known lectures The first of these introduced by Nicholas Jenkins is on the theme of vocation delivered during the troubled war years when Auden was examining his own vocation The second lecture was given near the end of the poet s life on the subject of the value of the work of Sigmund Freud Katherine Bucknell precedes this with the first full length examination of Auden s intensely ambivalent relation to Freud Auden s correspondence with his close friends James and Tania Stern reveals much new and important biographical information and Edward Mendelson s further supplement to the Auden Bibliography provides an extensive listing of all published letters by Auden In addition distinguished literary critics including David Bromwich Lawrence Lipking Edna Longley and Michael Wood together with the nonagenarian communist Edward Upward contribute to a symposium on one of this century s most famous poems In Praise of Limestone *Catalogue* May and May (Firm),1988

History of Opera Stanley Sadie,1989 A survey of opera covering baroque pre classical classical 19th century and 20th century It includes an introductory essay on the nature and social place of opera and is organized by century examining national developments within the chronological framework Discussion of stage design and production is included offering the student researcher or enthusiast an opportunity to see the development of design stage movement and gesture in the context of the development of opera itself The book contains many illustrations engravings prints and photographs British Book News British Council,1988 Includes no 53a British wartime books for young people British Book News ,1988
