

The Great Inflation Germany 1919 23

Pierre L. Siklos

The Great Inflation Germany 1919 23:

The Great Inflation, Germany 1919-23 William Guttman, Patricia Meehan, 1976 **An Economic Historiography of Germany, 1918-1931** Giovanni B. Pittaluga, Elena Seghezza, 2024-12-09 Contrary to existing economic analyses of the Weimar Republic this book looks beyond the explanations of the individual events that characterized it in particular hyperinflation Br ning s fiscal policy and the 1931 crisis Instead it adopts a more unified approach and thereby sheds light on the underlying causes of these events The book argues that these individual events were the final result of economic processes and policy choices which had made it possible to mitigate the social and political conflict that would otherwise have undermined the Republic s existence Specifically it postulates that hyperinflation was the result of the persistent inflation which had permitted Germany to maintain low unemployment meet unions wage demands and contain left wing radicalism Similarly the banking and currency crisis of 1931 was caused by a sudden stop related to the high level of foreign debt incurred by Germany after the Dawes Plan Debt which had however enabled the country to finance the persistent external deficits resulting from its high domestic demand and large public expenditure incurred in an attempt to avoid social conflict The book reviews the various models and approaches proposed highlighting their relative strengths and weakness and concludes by providing a unifying common thread which explains how the dramatic economic events which characterized the Weimar Republic were the result of the very economic processes which had contributed to its temporary survival This book will appeal to students scholars economic researchers in general and more specifically to those interested in economic history monetary and financial economics economic policy political decision making and political economy in particular those seeking a better understanding of the Weimar Republic s economic history Bibliography of European Economic and Social History Derek Howard Aldcroft, Richard Rodger, 1993 This bibliographical guide contains 10 000 references to the economic and social history of 30 European countries during the period 1700 1939 More than 3000 periodicals have been consulted to obtain references as well as books edited collections and conference proceedings The information is listed in categories such as industry agriculture finance migration labour conditions urban communities and organizations Full publication details are included so that references may be located easily **GCSE History for WJEC Specification** Paul Barnes, R. Paul Evans, Peris Jones-Evans, 2003 This student book includes exam practice questions and a mixture of in depth and outline studies It comprehensively covers the outlines studies USA 1929 1990 and Germany 1919 91 the most popular choice in schools **'A2' ICT** P.M. Heathcote, 2001 This A2 Level textbook for AQA ICT modules comprises modules 4 and 5 of A Level ICT **Access to History: Democracy and Nazism: Germany 1918-45 for AQA** Geoff Layton, 2015-07-31 Exam Board AQA Edexcel OCR WJEC Level A level Subject History First Teaching September 2015 First Exam June 2016 Give your students the best chance of success with this tried and tested series combining in depth analysis engaging narrative and accessibility Access to History is the most popular trusted and wide ranging series for A level History students

The British Library General Catalogue of Printed Books 1976 to 1982 British Library,1983 □□□□□□□□ ,1976 **Great Inflations of the 20th Century** Pierre L. Siklos,1995 The problems associated with chronically high inflation and hyper inflation continue to preoccupy policy makers and economists In Great Inflations of the 20th Century Pierre Siklos has gathered together major papers by a distinguished group of scholars who use historical episodes to understand and explain a key issue Beginning with general surveys of historical experiences of hyperinflation and cases of chronic inflation this volume continues with papers on the conditions which are conducive to generating high inflation The link between monetary policy and inflation is examined through empirical studies of inflationary episodes in Germany Hungary and Bolivia The final part

looks at how policy makers can seek to end high inflation with the smallest possible economic cost Bringing together in one accessible volume a series of acclaimed contributions to the field Great Inflation of the 20th Century will be a key reference resource for interested scholars and policy makers concerned with the myriad of issues surrounding the beginning and end of high or chronic inflation

Margins of Modernity Leslie Ann Pahl, 1991 **Bookseller and the Stationery Trades' Journal**, 1975 **A History of Modern Times from 1789** Caroline Doris Mabel Ketelbey, 1964 **The Great Inflation** William Guttman, 1975 *From Second Reich to Third Reich--Germany, 1918-45* Geoff Layton, 2008 This title provides coverage of the 2008 Edexcel AS specification It charts the developments in Germany from the Weimar years to life in Nazi Germany and ultimately the fall of the Third Reich and includes a concluding chapter drawing together the themes of this topic

Hitler's Voice: Nazi ideology and propaganda Detlef Mühlberger, 2004 Detlef Mühlberger's work *Hitler's Voice The Volkischer Beobachter 1920 1933* is an important addition to the study of National Socialism In today's scholarship it is difficult to locate a detailed work on National Socialism that does not rely in some way on the *Volkischer Beobachter* it was truly the bullhorn of the party from the time when the National Socialists were no more than a small group of unknowns gathering at the Munich Bürgerbräukeller until they gained power in 1933 Considering the vast amount of literature on National Socialism however it is surprising that until now there have only been shorter articles and two dissertations and not a single comprehensive analysis of the newspaper 1 Mühlberger's translation of articles from the *Volkischer Beobachter* addresses this lacuna He has sifted through eleven years of the paper condensing them into two volumes His first volume gives a chronological account of the development and organization of the party until 1933 while the shorter second volume entitled *Nazi Ideology and Propaganda* examines topical issues such as attacks against the Weimar Republic racism and attempts by the party to garner support from workers farmers and the German Mittelstand

The Recovery of Germany James Waterhouse Angell, 1929 *Miscellaneous Bulletins on Money*, 1929
