The Gropples According To Luke:

The Destruction of Jerusalem in Early Modern English Literature Beatrice Groves, 2015-09-16 This book explores the fall of Jerusalem and restores to its rightful place one of the key explanatory tropes of early modern English culture. Showing the importance of Jerusalem's destruction in sermons, ballads, puppet shows, and provincial drama of the period, Beatrice Groves brings a new perspective to works by canonical authors such as Marlowe, Nashe, Shakespeare, Dekker, and Milton. The volume also offers a historically compelling and wide-ranging account of major shifts in cultural attitudes towards Judaism by situating texts in their wider cultural and theological context. Groves examines the continuities and differences between medieval and early modern theatre, London as an imagined community, and the way that narratives about Jerusalem and Judaism informed notions of English identity in the wake of the Reformation. Adopting an interdisciplinary approach, this volume will interest researchers and upper-level students of early modern literature, religious studies, and theatre. Ideal for students of the Bible and preachers both in Africa and around the world, this updated edition has over 40% new and extensively revised commentaries across the Old and New Testament. Deepening the contextual relevance of the commentary, this second edition boasts seventy-five new articles, resulting in 122 articles that provide insight into the most pertinent issues facing the church in Africa today. Key features: Produced by African biblical scholars in Africa for Africa and for the world. Section by section interpretive commentary and application. More than 70 special articles dealing with topics of key importance for ministry in Africa today but that have global implications. 70 African contributors from both English- and French-speaking countries.
