**Combination of Value Investing and Smart Acquisitions Drives Extraordinary Success** Elena Chirkova, 2015-04-10

Revealed The secret behind Warren Buffett s 20% return rate over 60 YEARS The Warren Buffett Philosophy of Investment reveals for the first time how the world s 1 investor combines his trademark value investing with a unique approach to

mergers and acquisitions The huge interest in Warren Buffett stems from the challenge to understand his history of earning more than 20% on capital annually during the last 60 years Modern financial theory does not allow for this degree of success nor has anyone else been able to replicate it The book argues that Buffett's secret can be explained only if one looks beyond the theory of investing The author sees the major drivers of his success as the transformation of Mr Buffett's name into a super brand of mergers and acquisitions as well as his hands off policy with respect to the acquired companies As a result Buffett enjoys numerous opportunities to buy first class companies at moderate prices and keeps the existing good managers responsible for further value creation Elena Chirkova is a professor of finance in the Higher School for Economics in Moscow and was previously Head of Corporate finance for Deloitte's office in Russia      Value Investing Greenwald,2001-12-01

Strategic Value Investing (PB) Stephen Horan,Robert R. Johnson,Thomas Robinson,2013-10-18 Benjamin Graham referred to it as his margin of safety Seth Klarman favors it over all other investment methods Warren Buffett uses it to make millions for his investors It's called value investing and you can make it work wonders for your portfolio All you need is money to invest a little patience and this book Strategic Value Investing reveals everything you need to know to build a world class portfolio using value investing as your north star Written by experts on valuation and financial analysis this comprehensive guide breaks it all down into an easy to implement process The authors explain the ins and outs of determining when a stock is undervalued then purchasing it and selling it for a profit when the rest of the world learns what you knew all along With Strategic Value Investing you'll learn how to Distinguish between the various measures of value including going concern replacement value fair market value book value and intrinsic value Identify undervalued companies before everyone else and know what to look for what to avoid when to buy and when to sell The authors teach you how to establish a dispassionate value investing philosophy tailored to your needs Equally important they provide the tools you need to adhere to this often contrarian approach regardless of your emotions or crowd sentiment Get in before the crowd and get out when the price is right with Strategic Value Investing Praise for Strategic Value Investing A book that has much the same character as a good value investor calm disciplined with a grasp both of broad theory and of how to apply it JOHN AUTHERS senior investment columnist Financial Times This comprehensive look at valuation techniques is not only insightful but can be easily put to use by individual and professional investors alike CHARLES ROTBLUT CFA Vice President the American Association of Individual Investors Offers a sound fundamental perspective for those looking to deepen their analysis around stocks A great resource for all types of value investors HEATHER BRILLIANT CFA global head of equity research at Morningstar and member of the CFA Institute Board of Governors This book is of Real Value It updates the pioneering work of Ben Graham and Phillip Fisher blending the valuation techniques of the masters such as Warren Buffett and provides institutional and individual investors the A to Z of value investing from a practitioner perspective JOHN MAGINN CFA EVP CIO Mutual of Omaha retired and coeditor of Managing Investment Portfolios An actionable road map for implementing a
