The Chinese Debate About Soviet Socialism 1978-1985:

The Chinese Debate about Soviet Socialism, 1978-1985 Gilbert Rozman, 2014-07-14 This study based largely on Chinese journals rarely available to Western scholars explores the abrupt turnaround of Chinese views of the Soviet Union from condemnations of revisionism to appreciation for problems common to both countries Originally published in 1987 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

[China Learns from the Soviet Union, 1949-Present](#) Hua-Yu Li, 2010-01-05 It is well known that the Soviet Union strongly influenced China in the early 1950s since China committed itself both to the Sino Soviet alliance and to the Soviet model of building socialism What is less well known is that Chinese proved receptive not only to the Soviet economic model but also to the emulation of the Soviet Union in realms such as those of ideology education science and culture In this book an international group of scholars examines China's acceptance and ultimate rejection of Soviet models and practices in economic cultural social and other realms The chapters vividly illustrate the wide ranging and multi dimensional nature of Soviet influence which to this day continues to manifest itself in one critical aspect namely in China's rejection of liberal political reform

Sovietology in Post-Mao China Jie Li, 2023-02-13 The breakup of the Union of Soviet Socialist Republics USSR in 1991 had significant repercussions on Chinese politics foreign policy and other aspects In this book Jie Li examines the evolution of Chinese intellectual perceptions of the Soviet Union in the 1980s and 1990s before and after the collapse Relying on a larger body of updated Chinese sources Li re evaluates many key issues in post Mao Chinese Sovietology arguing that the Chinese views on the Soviet Union had been influenced and shaped by the ups and downs of Sino Soviet and later Sino Russian relations China's domestic political climate and the political developments in Moscow By researching the country of the Soviet Union Chinese Soviet watchers did not focus on the USSR alone but mostly attempted to confirm and legitimize the Chinese state policies of reform and open door in both decades By examining the Soviet past Chinese scholars not only demonstrated concern for the survival of the CCP regime but also attempted to envision the future direction and position of China in the post communist world

China en Rusland Sören Urbansky, Martin Wagner, 2025-12-11 Soren Urbansky en Martin Wagner reconstrueren het gelaagde verleden van de grootmachten China en Rusland van het eerste officiële contact in 1618 tot China's reactie op de grootschalige Russische

invasie van Oekraïne in 2022 Terwijl ze elkaar op het wereldtoneel goede vrienden noemen blijven de geopolitieke belangen van deze twee landen met elkaar botsen Geen twee grootmachten zijn zo nauw verbonden en tegelijk zo verschillend Deze complexe relatie vindt haar oorsprong in een eeuwenlange geschiedenis van afhankelijkheid en rivaliteit China en Rusland biedt een onmisbaar inzicht in een relatie die de internationale politiek van de komende decennia zal blijven vormgeven

China Debates the Future Security Environment Michael Pillsbury,2000 This study offers over 600 selected quotations from the writings of over 200 Chinese authors published from 1994 to 1999 Analysis and interpretation are kept to a minimum so that the Chinese may speak for themselves Many Chinese scholars assisted with this study by providing hard to get books and articles unfamiliar to most Westerners Half the authors were interviewed in China They explained some of the viewpoints in recent debates about the future security environment Debates in China are generally concealed and frequently authors pretend they do not exist However muted they may be China's debates about the future nevertheless exist and merit attention if we are to understand the premises of China's national strategy and set a baseline from which to measure any future change in these premises

Hu,Gerald Chan,Daojiong Zha,2000-12-13 Most people believe China's foreign behavior is driven by its growing power status in world politics Chinese leaders still firmly uphold some traditional values in foreign policy such as sovereignty territorial integrity and national unification However it is often neglected that China's behavior is also shaped by its changing perception of the globalizing world and to a large extent is a result of external pressure on China By examining the dynamics of paradigm shifts in China's foreign policy thinking this book explores the ideological sources of China's international relations in the new century With growing economic interdependence with the outside world which creates both constraints as well as incentives to adapt to the prevailing norms in contemporary international relations authors of this volume analyze indigenous Chinese sources of intellect on the paradigm shifts The concepts studied in this volume include national identity nationalism globalism multilateralism sovereignty and the role of international law in Chinese foreign policy This volume helps to shed new light on how the dynamics of paradigm shifts affect China's behavior in international affairs *Yearbook on International Communist Affairs* ,1989 **A London Bibliography of the Social Sciences** ,1931 Vols 1-4 include material to June 1 1929
