## **The Chamdo Raid:**

The Chamdo Raid John Miller, 1982      A History of Modern Tibet, Volume 2 Melvyn C. Goldstein, 2009-04-13 History  
*Dragon In The Land Of Snows* Tsering Shakya, 2012-02-29 Based entirely on unpublished primary sources this remarkable book the first authoritative history of modern Tibet is also the first to provide detailed accounts of The covert political manoeuvrings in Tibet and the role of the Tibetan Chinese and British governments The Dalai Lama s escape in 1959 The CIA s involvement and the establishment of a secret military base in the Nepalese Himalayas The British government lying to the UN and Douglas Hurd s role in that process The power struggles during th Cultural Revolution and the mass uprising against the Chinese that has remained secret until now      **A History of Modern Tibet, 1913-1951** Melvyn C. Goldstein, Gelek Rimpoche, 1989 V 2 It is not possible to understand contemporary politics between China and the Dalai Lama without understanding what happened during the 1950s This book presents an understanding of that period It furnishes portraits of these major players and unravels the fateful intertwining of Tibetan and Chinese politics against the backdrop of the Korean War      *Resistance and Unity* Tashi Gelek, Dorjee Damdul, Tashi Dhondup, Carole McGranahan, 2019-10-04 This book is an important addition to the history of Tibetan opposition to the Chinese takeover of their country Shangri Lhagyal was one of many Tibetans who refused to cooperate with the Chinese as they tried to substantiate and legitimate their claim to sovereignty over Tibet He like many others was forced into open opposition as the only honorable option Although he modestly resisted a leadership role in the Resistance his competence and reputation for integrity led others to choose him as one of the most important Resistance leaders Although he did not leave an extensive written record several members of his family have admirably filled in the historical record of the events in which he played such an important role As the editors of this account have emphasized it is important for Tibetans as well as the outside world to know the true history of the Tibetan resistance to China s forcible imposition of its rule over the formerly independent country Warren W Smith author of *Tibetan Nation A History of Tibetan Nationalism and Sino Tibetan Relations* This book is inspired by H H the Dalai Lama s idea that each Tibetan refugee especially the freedom fighters should document their personal experiences to inspire and to keep coming generations of Tibetan well informed about the true history of Tibet The book deals brilliantly with many minute and significant details of modern Tibetan history lived by ordinary citizens which would have otherwise gone unrecorded and unsung It is by all means a must read for the new generation of Tibetans as well as their non Tibetan supporters Vijay Kranti author of *Dalai Lama The Soldier of Peace* *Resistance and Unity* is more than Makchi Shangri Lhagyal s personal story It is a condensed modern history of Tibet from a Tibetan perspective Following Shangri Lhagyal s life readers go back to the crucial years of the 1950s 60s when Tibet a country that was never before ruled by any foreign power was made part of the People s Republic of China Tibetan freedom fighters fought heroically against social transformation programs forcefully imposed by the Chinese Communist Party Many

fought to the last drop of blood For Chinese readers this is a must read book Jianglin Li author of *Tibet in Agony* Lhasa 1959

The subject of this book is a first person account from the field of current conditions in an isolated rarely described region of Tibet with emphasis on a description of the day to day reality of the interaction between the native Tibetans and the current holders of power the Chinese The region discussed is western Sichuan and eastern Tibet both of which are permeated with Tibetan culture yet historically the site of continual and intense conflict between the Tibetans and the Chinese This book is important because it fills a gap almost all writing about Tibet today concerns the area around its capital Lhasa an area where the Chinese can usually control the experiences and contacts between Tibetans and foreigners This book shows the painful reality in a haunting and beautiful landscape far off the beaten track Because the author walked over three months and 1200 km there along one of the traditional pilgrim routes the descriptions of life in the tents of the nomads and in the barracks of the Chinese are poignantly realistic Readers can feel assured about the uniqueness of the book s contents because the author is fluent in Chinese and has performed extensive background research about the history of the area descriptions of today s isolated Tibetan regions are thus put in the perspective of earlier travellers in Tibet such as Heinrich Harrer and Alexandra David Neel Since the days of David Neel s travels in the area over fifty years ago no Westerner has walked so far and so

long through eastern Tibetan regions By travelling on foot the author was forced to experience the reality of the Tibetans on their own terms Road News from Tibet then can be highly informative for both the academic reader and the armchair traveller
