The purpose of this study is to provide a description of the Greek particle *per* as it occurs in the text of Homer As such it is a contribution to the study of Ancient Greek in general and of the Greek particles in particular But the work transgresses the boundaries of Greek linguistics proper First the discussion of *per* as a scalar article contributes to the discussion of scalar phenomena in general Second as a description of a linguistic feature in the Iliad and Odyssey metrical texts of oral formulaic origin this study is also an essay in the relation between linguistics on the one hand and formulas and metre on the other
