Abortion and Sterilization Jane E. Hodgson, 2014-05-12 Abortion and Sterilization Medical and Social Aspects investigates the medical and social aspects of abortion and sterilization. Its aim is to legitimate abortion and sterilization for the sake of those who need and seek the service. The best techniques are presented in the proper medical perspective. The social and political history, epidemiology and public health aspects of abortion and sterilization are also discussed. Comprised of 23 chapters, this book begins with a review of abortion legislation and practices in historical perspective amidst changing sociocultural contexts in diverse geographic areas. Liberalization trends are surveyed chronologically in terms of selected highlights demonstrating legislative progress and frustrations along with advances in abortion technology. A classified listing of abortion statutes and/or court decisions in 140 countries is given. Subsequent chapters deal with the epidemiology of induced abortion, abortions for teenagers, the link between abortion and mental health, and hysterotomy and hysterectomy as abortion techniques. Vasectomy as a family planning option is also examined. This monograph is intended for students, teachers, clinicians, research workers, administrative and nursing personnel and those with interest in reproductive control.

targeting LGBTI people in the Nordic countries: A survey of strategies, methods and initiatives Nordic Information on Gender (NIKK), 2021-11-19 Available online <https://pub.norden.org/temanord/2021/551> Studies show that a large proportion of LGBTI people in the Nordic countries experience violence, hatred, threats and harassment. That these acts are motivated by hatred of LGBTI people makes them particularly serious. The Nordic Council of Ministers' strategic focus areas to strengthen equal rights, equal treatment and equal opportunities for LGBTI people in the Nordic region include combating and preventing hate crime and discrimination. The Finnish Presidency of the Nordic Council of Ministers in 2021 has initiated a project focusing on hatred targeting LGBTI people in the Nordic countries. Nordic Information on Gender NIKK was commissioned to survey relevant strategies, actors and initiatives in the Nordic countries. The purpose of this survey was to contribute to the sharing of knowledge and experience between these countries *Law Books in Print: Subject list* J. Myron Jacobstein, Meira G. Act and Omission in Criminal Law Roni Rosenberg, 2024-08-30 This book offers an innovative perspective on the critical distinction between acts and omissions in criminal law, a distinction that runs like a defining thread through all types of criminal offenses. While any act that positively causes a prohibited harm is sufficient for a conviction, an omission that

causes the very same harm warrants a conviction only when there is a legal duty to act This fundamental distinction between acts and omissions is not just relevant to criminal law but it is also deeply rooted in our moral thinking Thus it is commonly argued that the difference between acts and omissions is also applicable to the intuitive moral distinction between active euthanasia forbidden in most countries and passive euthanasia permitted in many countries under certain circumstances Hence the significance of this book is threefold First it offers a comprehensive coherent and systematic discussion of the intersections between the philosophical moral and the legal criminal aspects of this fundamental topic Second it offers a novel rationale for the distinction between acts and omissions based on the principle of autonomy Finally it demonstrates the influences of the theoretical discussion on the most significant practical questions This book will be of interest to researchers academics and policy makers working in the areas of criminal law moral philosophy and bioethics
