These given seals are those of the Ordinaries of Kuan-
dai, a medieval French Comune, translated in the twentieth
century by S. L. Mackenzie, members, that probably had its
origins with the deposed Merovingian dynasty — with
greatly the bloodline of Tassine Ben Fadien — and found
out of the Knights Templar under the command of
them because they may also reflect the ancient graphic
doctrines of the Essenes received by the Templars
during their excursions at Herod's Temple. Good
evidence for this comes from the mention of the
representative brother Simeon in the seal of Kuan-dai. It
is also curious to note that these seals were meant
to be printed on paper, since they are given with
color instructions (as they appear here) rather than
these for metalworking; it was then more common, and
without doubt, to use inscriptions made from meditation
their conjuring is unknown, and were almost lost.
Since several of them derive from the specky seal
of Tassine, it is likely that they do derive from the
same mystery as Ben Fadien's Angel Seal, and
they are probably copied from descriptions of their
original versions and Greek characters.

Abramelin Lunar Ordeal Frater Barrabbas,2025-02-04 Abramelin Lunar Ordeal merges the traditional Abramelin Sacred Magic with the singular Bornless One invocation to produce an ordeal that can be accomplished in seven weeks instead of six or eighteen months This unique and advanced magical grimoire offers personal transformation for the adherent A New Method for a Timeless Ordeal MacGregor Mathers published a book that introduced the magical ordeal to the magicians of the 20th century That book was called The Book of Abramelin and contained an arduous preparation practice that lasted six months to manifest the Holy Guardian Angel which instructed and guided the adherent The book contained many magical squares of notorious potency To use them the magician had to undergo many months of prayer meditation fasting purification abasement and a period of complete sequestration Another version of this working recently published had the working last for eighteen months with three months of sequestration Many magicians attempted this arduous task some succeeded and some failed This working was typically beyond the means and resources of your

average magician This was the challenge to achieve the knowledge and conversation with their Holy Guardian Angel However Frater Barrabbas took this challenge and used it to forge a whole new magical ordeal He decided to base it on a lunar cycle instead of a solar cycle crafting an ordeal that could be accomplished in seven weeks with three days of sequestration thus making its performance more practical Frater Barrabbas sought to create a powerful series of magical workings to produce the promised transfiguration state and manifest one's Holy Guardian Angel He used invocations of the four Seraphim and Cherubim in four weeks along with the Element Godhead to produce a holy tabernacle of godhead and angelic intelligence He chose a revised version of the Bornless or Headless One invocation rite of Golden Dawn fame as the apex He plumbbed the Greek Magical Papyri to extract three more rituals to add to the Bornless rite These rituals and more he has written into a book including the diary entries where he performed this working back in 2009 to validate it This lore and instruction are encapsulated in Abramelin Lunar Ordeal a unique and profound contribution to the art of ritual magic The Sacred Magic of Abramelin is now available using a new concise paradigm *Secret World of Witchcraft* Jason Karl,2008 Looks at the history and practices of witchcraft including tools of the craft ancient sites the use of spells and potions and events in the witches calendar *Dictionary of Gnosis and Western Esotericism* Wouter J.
