Soviet History In The Yeltsin Era Studies In Russian East European History Society:

Soviet History in the Yeltsin Era R. W. Davies, 1997-06-12 Russian rethinking of the past has immense political significance The author of the acclaimed Soviet History in the Gorbachev Revolution now examines the impact of the collapse of Communism and of the subsequent disillusionment with capitalism on Soviet history The uses of history after the 1991 coup and in the 1995 and 1996 elections are considered in detail Part two evaluates the unfinished revolution which has partly opened the archives while part three offers reflections on the future of the Soviet past

Challenging Traditional Views of Russian History S. Wheatcroft, 2002-08-21 This collection presents views on key aspects of Russian Soviet history such as the non Slavic sources of Russian statehood tsarist penal systems the pre evolutionary technological level the famine of 1931 3 patronage practices in Stalin's Russia and the fall of the Soviet Union

The Cult of Ivan the Terrible in Stalin's Russia M. Perrie, 2001-10-25 Ivan IV the sixteenth century Russian tsar notorious for his reign of terror became an unlikely national hero in the Soviet Union during the 1940s This book traces the development of Ivan's positive image placing it in the context of Stalin's campaign for patriotism In addition to historians images of Ivan the author examines literary and artistic representations including Sergei Eisenstein's famous film banned for its depiction of the tsar which was interpreted as an allegorical criticism of Stalin

The Soviet Defence Industry Complex from Stalin to Krushchev J. Barber, M. Harrison, 1999-12-08 The huge complex of Soviet institutions and enterprises specialised in military production powerfully influenced the course of the twentieth century through resistance to imperial Japan the defeat of Nazi Germany and nuclear stalemate with America in the Cold War Based on collaborative research by Russian and British scholars in the hitherto secret archives of the Soviet government party and armed forces this book is a pioneering investigation of the economic dynamics and social and political significance of Soviet defence

Soviet Railways to Russian Railways J. Westwood, 2001-12-02 In the postsoviet decade Russian railways remained highly centralised evaded the upheavals of mass privatisation and remained the backbone of a demoralised economy Preserving much of Soviet practice the Railways Ministry mounted a skilled rearguard action that achieved a gradual and considered adaptation to the market economy rather than the pell mell western orientated liberalisation that afflicted other branches of the economy This book describes that rearguard action and goes on to show how railway managers are coping with the new conditions

Kondratiev and the Dynamics of Economic Development Vincent Barnett, 2016-01-06 Barnett presents the first in depth analysis in English of the pioneer of long cycle analysis N D Kondratiev 1892 1938 who was a key policy adviser to the Soviet government in the early part of the 1920s Kondratiev developed a market led industrialization strategy for the USSR in direct opposition to Stalin's centrally planned industrialization programme and was the director of the Conjunction Institute a centre for the study of business cycles and forecasting between 1920 and 1928 It was within the Conjunction Institute that Kondratiev developed his analysis of long cycles Barnett covers all aspects of Kondratiev's work

Creating the New Soviet Woman

L. Attwood, 1999-08-31 This book explores the Soviet attempt to propagandise the new Soviet woman through the magazines Rabotnitsa and Krest yanka from the 1920s to the end of the Stalin era. Balancing work and family did not prove easy in a climate of shifting economic and demographic priorities and the book charts the periodic changes made to the model.

Russia and Islam G. Yemelianova, 2002-05-10 The end of communism has revived the historical debate about Russia's relations with both the West and the East. Some commentators viewed the Russian Chechen war as a clash of civilizations which would shape the future relationships between the new Russia and its Muslim periphery and perhaps lead to its disintegration. But the reality has challenged this scenario. This book surveys the public and private relations between Russia and Islam and concludes these are more complex than is usually recognized.

Women Workers in the Soviet Interwar Economy M. Ilic, 1998-12-21 This book examines changes in official Soviet policy towards the labour protection of women workers 1917-41. Important legislative enactments are analysed. In the 1920s emphasis was placed on the protection of female labour by the agencies responsible for regulating women's role in industrial production. With the mass recruitment of women workers to the Soviet industrialisation drive by the early 1930s labour protection issues were often ignored as women were encouraged to play a more equal role in the production process.

Russia's Provinces P. Kirkow, 1998-01-12 This book focuses on the evolution of federalism and intragovernmental relations in Russia for the period 1992-95 following the dissolution of the Soviet Union. Its main question is whether under conditions of democratisation and marketisation in Russia an authoritarian approach of transformation from above is more favourable to one of granting more autonomy to local governments. The author suggests a scale of various reform implementation policies based on two pioneering case studies of Russian provinces.

Historical Memory of Central and East European Communism Agnieszka Mrozik, Stanislav Holubec, 2018-03-19 Every political movement creates its own historical memory. The communist movement, though originally oriented towards the future, was no exception. The theory of human history constitutes a substantial part of Karl Marx's and Friedrich Engels's writings and the movement inspired by them very soon developed its own strong historical identity, combining the Marxist theory of history with the movement's victorious milestones such as the October Revolution and later the Great Patriotic War, which served as communist legitimization myths throughout almost the entire twentieth century. During the Stalinist period, however, the movement's history became strongly reinterpreted to suit Joseph Stalin's political goals. After 1956 this reinterpretation lost most of its legitimating power and instead began to be a burden. The unwanted memory of Stalinism and subsequent examples of violence (the Gulag, Katy, the 1956 Budapest uprising, and the 1968 Prague Spring) contributed to the crisis of Eastern European state socialism in the late 1980s and led to attempts at reformulating or even rejecting communist self-identity. This book's first section analyzes the post-1989 memory of communism and state socialism and the self-identity of the Eastern and Western European left. The second section examines the state socialist and post-socialist memorial landscapes in the former German Democratic Republic, Czechoslovakia, Czech Republic, Poland,

Lithuania Ukraine and Russia The final section concentrates on the narratives the movement established when in power about its own past with the examples of the Soviet Union Poland Romania and Czechoslovakia **Soviet History in the Yeltsin Era** Robert William Davies,1997 This book examines Russian rethinking about the past during the collapse of Communism and the first years of post Communism **Slavic and East European Journal** ,1998 **Chronology of 20th-century Eastern European History** Gregory Curtis Ference,1994 A reference work covering twentieth century events in Eastern Europe Includes a comprehensive timeline and biographical sketches of prominent individuals in each nation **Eastern Europe and the Commonwealth of Independent States** ,1997 Russia, Eurasian States, and Eastern Europe, 1998 Merle Wesley Shoemaker,1998-08 *Whitaker's Books in Print* ,1998 **Russia & Eastern Europe** Clifford Thompson,1998 A collection of articles that presents information on the conditions that exist in Russia Eastern Europe and the former Soviet Union several years since the end of the Cold War *Forthcoming Books* Rose Arny,2002-04 **Russia, the Eurasian Republics, and Central/Eastern Europe** Minton F.
