## **Soviet Policy In East Asia:**

**The Soviet Union In East Asia** Gerald Segal, 2019-07-11 This book is concerned with the predicaments of Soviet power in east Asia. It attempts to study Soviet policy not through bilateral relations but by analysing key issues in the Soviet perspective. The book also attempts to make sense of Soviet Korean relations. Soviet policy in East Asia, 1980 East Asian Security in the Post-Cold War Era Sheldon W. Simon, 2016-06-16 This edition adds chapters on Burma and Vietnam and updated material throughout reflects the current economic crisis in the region. Soviet Foreign Policy and Southeast Asia (Routledge Revivals) Leszek Buszynski, 2013-09-13 This book focuses on the activity of the Soviet Union in Southeast Asia and the effects of Soviet policy on the region from 1969 to the time of first publication in 1986. In particular Leszek Buszynski examines the rivalry between the Soviet Union and China, Soviet presence in Vietnam and the responsive efforts of surrounding regions towards collective security. U.S. policy in the region is a key consideration particularly in terms of American attempts to placate China and encourage Japan to assist in the defence of the region. With a concluding assessment of regional trends and possible outcomes, this is an important and valuable work for students and scholars with an interest in the history and politics of international diplomacy in Southeast Asia. **Soviet Relations With South East Asia** Longmire, 2022-11-30 Gorbachev's major speech at Vladivostok on 28 July 1986 signalled an increased awareness by the Soviet Union of the importance of the Asia Pacific region. Subsequently there have been significant changes in Soviet foreign policy paralleling the programme of wide ranging internal reform and imparting a new look to the USSR's international image. The aim of the present work is to chart the development of Soviet policy towards the region since the start of the Bolshevik regime with whether there was any pattern or consistency in that policy. Concentration on Soviet activity in a particular part of the world might also serve to throw further light on the much discussed question whether Moscow's policies have in the past been conceived in ideological terms and therefore in some measure pre-determined or whether they were truly ad hoc ideology being used merely as justification. *Soviet Policy Towards Japan* Myles L. C. Robertson, 1988-08-18 Dr Robertson provides a comprehensive analysis of a vital but often neglected contemporary relationship and suggests that portrayals of basic Soviet Japanese antipathy may be overplayed largely as a result of excessive concentration upon a few specific past episodes. *Soviet Policy in Asia--expansion Or Accommodation?*, 1980 *The Cambridge History of Southeast Asia: Volume 2, Part 2, From World War II to the Present* Nicholas Tarling, 2000-01-28 In these four volumes published in paperback in 2000, twenty-two scholars of international reputation consider the whole of mainland and island Southeast Asia from Burma to Indonesia. Each volume has a new preface which points to the relationships with the other volumes. The prefaces also comment on some of the research into and thinking about the subject undertaken since the original contributions were completed for the first edition. Volume 2 Part 2 covers the period from World War II to the present and examines the end of European colonial empires, the emergence of political

structures of the independent states economic and social change religious change in contemporary Southeast Asia Southeast Asia's role and identity in decolonisation and the ongoing weakening of links with the West      **The Cambridge History of Southeast Asia: Volume 2, The Nineteenth and Twentieth Centuries** Nicholas Tarling, 1992 Southeast Asia has long been seen as a unity although other terms have been used to describe it Further India Little China the Nanyang The region has had a protracted maritime history Confucianism Buddhism Islam Hinduism Christianity are all represented It has seen a quintet of colonial powers Britain France The Netherlands Spain the United States Most recently it has become one of the fastest growing parts of the world economy The very term Southeast Asia is clearly more than a geographical expression The Cambridge History of Southeast Asia is a multi authored treatment of the whole of mainland and island Southeast Asia from Burma to Indonesia Unlike other histories of the region it is not divided on a country by country basis and is not structured purely chronologically but rather takes a thematic and regional approach to Southeast Asia's history This volume the second and final in the series takes us into the nineteenth and twentieth centuries from the late eighteenth century of the Christian era when most of the region was incorporated into European empires to the complexity and dramatic change of the post World War II period It covers the economic and social life as well as the religious and popular culture of the region as they develop over two centuries The political structures of the region are also closely examined from the insurgencies and rebellions of early this century to the modern Nationalist movements which challenged the control of the colonial powers and led to the formation of independent states Under the editorship of Nicholas Tarling Professor of History at the University of Auckland New Zealand each chapter is well integrated into the whole Professor Tarling has assembled a highly respected team of international scholars who have presented the latest historical research on the region and succeeded in producing a provocative and exciting account of the region's history      Air University Library Index to Military Periodicals, 1980

Soviet Relations with South-east Asia Robert Argent Longmire, 1989 First Published in 1989 Routledge is an imprint of Taylor Francis an informa company      **The Eastern Question. The Russian Policy in the East. The Will of Peter the Great ...** Peter I (Emperor of Russia), 1878      *The Soviet Union in the Asia-Pacific Region* Teik Soon Lau, Bilveer Singh, Singapore Institute of International Affairs, 1989      **The American Non-policy Towards Eastern Europe, 1943-1947** Geir Lundestad, 1975      The New Cold War at Sea Lyle Goldstein, Vitaly Kozyrev, 2026-01-13 The New Cold War at Sea exposes the growing maritime partnership between China and Russia revealing how their increasingly coordinated naval strategies from the Arctic to the Pacific might threaten U S maritime dominance Drawing on rare Russian and Mandarin sources the authors offer a timely eye opening look at the potential global shift in sea power In early 2025 the Chinese and Russian fleets conducted the third in a series of trilateral naval exercises with Iran Just prior the Chinese Coast Guard operating alongside the Russian Coast Guard entered the Arctic for the first time This China Russia quasi alliance is reshaping the global naval power balance challenging U S naval supremacy through close and continuing collaboration

Russian assistance has propelled China's aircraft carrier program, modernized its destroyers and submarines, and delivered world-leading missiles and autonomous vehicles, posing a threat to U.S. allies such as Japan and the Philippines. The maritime implications of this alliance extend beyond the Indo-Pacific, touching all the world's oceans. *The New Cold War at Sea* reveals crucial, generally unknown details of China-Russia maritime cooperation from the Arctic to Southeast Asia to Africa and to Latin America. Based on a wealth of underutilized Mandarin and Russian language sources, authors Lyle J. Goldstein and Vitaly A. Kozyrev provide an objective assessment of Chinese and Russian maritime symbiosis. By presenting unique evidence relating to the naval global balance as well as related policy proposals, the book aims to spark a vital national debate over the future of American maritime strategy in the emergent multipolar world.

*Soviet-American Relations After the Cold War* Robert Jervis, Seweryn Bialer, 1991. Starting from the premise that glasnost and perestroika will not be reversed, the contributors to this volume explore the terrain of possible Soviet-American relations in the 1990s, focusing on such topics as public opinion and the relationship of domestic policy to foreign policy. Annotation copyrighted by Book News, Inc., Portland, OR.

*Areas of Challenge for Soviet Foreign Policy in the 1980s* Gerrit W. Gong, Angela Stent, Rebecca V. Strobe, 1984.

*The Soviet Crisis and Foreign Policy Toward East Asia* James H. Billington, Herbert J. Ellison, 1991.

*Foreign Policy and East Asia* Charles E. Ziegler, 1993-09-23. An examination of Soviet relations with North East Asia in the 1980s and the link between domestic reform and foreign policy change.

*The Soviet Union In The Third World* Carol R. Saivetz, Harvard University. Russian Research Center, 1989-07-16.
