## **Soviet Problem In American German Relations:**

The Soviet Problem in American-German Relations Uwe Nerlich, James A. Thomson, 1985      **Russia's Transition to Democracy and U.S.-Russia Relations** United States. Congress. House. Committee on International Relations. Subcommittee on Europe, 2003      **East-west Conflict** Michael D. Intriligator, 2019-04-09 This book aims to bring together American and West German scholars in order to analyze U S German and Soviet elite perceptions of East West conflict It attempts to assess the policy implications and political options for the West      **108-1 Hearing: Russia's Transition To Democracy and U.S. - Russia Relations: Unfinished Business, September 30, 2003, \***, 2004      Emerging Dimensions of European Security Policy Wolfgang F. Danspeckgruber, 2019-04-08 This book represents an overview of European security affairs as of 1989 1990 It deals with fundamental theoretical and political strategic considerations looks at arms control developments and examines European defense economies and military industrial capabilities of U S      *The American Bibliography of Slavic and East European Studies*, 1988      United States Technology Export Control Douglas E. McDaniel, 1993-03-17 This is a broad ranging study of U S strategic export control policy In particular this book analyzes and evaluates the effectiveness of export controls in delaying the acquisition of militarily sensitive high technology by the Soviet Union and its allied states Furthermore the question of whether or not U S economic competitiveness in various high technology sectors has been unduly undermined by export controls is also evaluated Numerous official government studies and reports supplemented by a host of interviews with government officials businesspeople and analysts in the United States and Europe are utilized in drawing conclusions and posting policy recommendations The consequences for export control policy of the revolutionary political upheavals in Eastern Europe and the former U S S R are also addressed The study concludes that the strategic security goal of utilizing controls to hinder and delay the acquisition of militarily significant high technology by the former Soviet Union and its allied states was generally effective More controversially McDaniel argues that export controls per se have not been a significant determinant of lagging U S competitiveness in high technology However this conclusion is qualified by the observation that while overall trends in U S high technology exports to important trading partners do not suggest that controls by themselves have unduly hurt U S exporters individual sectors and small firms may be disadvantaged Finally the study cautions that U S policy must adapt or risk becoming outmoded and increasingly ineffective This book will be of interest to scholars and students of international relations international political economy and international business      America's Security in the 1980s Christoph Bertram, 1982-06-18      *Journal of the American Historical Society of Germans from Russia*, 2001      **The Crisis in NATO.** United States. Congress. House. Committee on Foreign Affairs. Subcommittee on Europe, 1966      **The Future of Germany and the Atlantic Alliance (Aei Studies)** Constantine C. Menges, 1991-09-04 Acknowledging that a united Germany will dominate the new world order evolving in Eastern Europe Menges proposes two alternative political directions for Germany Drawing on his years of observation of the

German people and politics he addresses the long term implications of Germany's commitment to the NATO alliance and speculates on what the role of a neutral Germany might be especially regarding Germany's relationship with the Soviet Union He analyzes the democratic transition in Eastern Europe and also provides a capsule history of the postwar political situation in Germany ISBN 0 8447 3731 3 24 95      The ^AOxford Handbook of Peaceful Change in International Relations T. V. Paul, Deborah Welch Larson, Harold A. Trinkunas, Anders Wivel, Ralf Emmers, 2021-08-05 This work provides a thorough examination of research on the problem of change in the international arena and the reasons why change happens peacefully at times and at others violently It contains over forty chapters which examine the historical theoretical global regional and national foreign policy dimensions of peaceful change As the world enters a new round of power transition conflict involving a rapidly rising China and a relatively declining United States this Handbook provides a necessary resource for decisionmakers and scholars engaged in this vital area of research      Friends Or Foes? Norman E. Saul, 2006 With Friends or Foes Norman Saul continues his monumental multivolume magnum opus on U S Russian relations over the course of 200 years This fourth volume provides the first comprehensive study in any language of an era that shaped the rest of the century and captures the major changes in relations between two nations on the verge of becoming dominant global powers Among other things Saul examines the rationale for America's failure to recognize the Soviet government through the early 1930s analyzing the impact of the Red Scare and the roles of the State Department Russian migr's religious groups and key individuals like Charles Evans Hughes Robert Kelley Herbert Hoover Boris Skvirsky Olga Kameneva and Maxim Litvinov on the policy process In addition he recalls the American Relief Administration's gigantic effort to help Russian peasants and garners new material from American business records on concession arrangements and commerce and on Soviet responses during the first Five Year Plan He also records travelers impressions cultural exchange and the role of academia in each country particularly the contribution of Russian migr scholars to American education and the contributions of American journalists in Russia Saul also reveals the tendency on both sides to preserve an atmosphere of secrecy conducting business behind closed doors and rarely on paper His prodigious research in the Hoover Presidential Library the Franklin Roosevelt Library and the Hoover Institution at Stanford University incorporating overlooked Diplomat Post Records and featuring an interview with George Kennan on his diplomatic role has yielded a wealth of new insights into what really happened during a period in the history of the relations between the two countries that remains mysterious and controversial Breaking new ground in diplomatic economic social and cultural history Saul's book illuminates both the mutual fascination that briefly permitted peaceful coexistence and eventual alliance and the ideological battles that ultimately led to the Cold War
