You Are The Hero Jonathan Green, 2014-09-07 Fighting Fantasy gamebooks have sold over 17 million books worldwide in over 30 languages But when Steve Jackson and Ian Livingstone sat down to write The Warlock of Firetop Mountain they had no idea this one book would go on to spawn another eighty or more titles and have an immeasurable impact on a generation of children growing up in the 1980s Part history part celebration YOU ARE THE HERO chronicles more than three decades of Fighting Fantasy Written by Jonathan Green author of seven Fighting Fantasy titles this mighty tome will appeal to anyone who ever wiled away a washed out summer holiday with only two dice a pencil and an eraser for company This is a fixed format PDF eBook with all of the same stunning full colour artwork as the hardback and paperback Best viewed on a colour screen of 7 upwards as a daily reader to keep your precious hardback safe YOU ARE THE HERO is as read under the covers immersive as its subject matter great characters amazing stories and a surprise behind every door 5 stars SCIFI Now The most comprehensive history of the Fighting Fantasy phenomenon I ve ever seen With its maps notes art and photographs it s not just a celebration but a fascinating resource SFX How many thousands of heroes did these books create And how many lost their lives with a bad roll of the dice A publishing phenomenon without which computer games wouldn t be what they are today About time these books were celebrated Now go to page 45 and face your nemesis Charlie Higson

Everything Is Permitted Cameron Kunzelman, 2025-11-11 An entertaining deep dive into the world gameplay and evolution of the hugely successful Assassin s Creed video game franchise A hooded figure stands in a bell tower overlooking medieval Jerusalem surveying his prey Parkour style he leaps down into the square to kill his target before vanishing into the crowd Released in fall 2007 Assassin s Creed transformed video gaming Across more than a dozen franchise entries players engage with the eternal conflict between the Order of Assassins and the nefarious Templar Order carrying out missions in a series of painstakingly rendered historical settings from the Holy Lands during the Third Crusade to Renaissance Italy the Age of Piracy the French Revolution and Victorian London Everything is Permitted is an analysis of the development evolution gameplay and world building of this sprawling and distinctive franchise Cameron Kunzelman examines key themes and concepts that connect the games in the series Combining close readings of the games themselves with discussion of the broader landscape of video game franchises since its initial release he uncovers

what it means for a game to be part of the Assassin's Creed franchise Kunzelman maps the elements that contribute to the immersiveness and continual playability of the games showing how historically inflected conspiracies and science fictional premises ground the fantastical stories the games tell on a massive scale Diving into the real world histories and ideas that the game designers used for inspiration Kunzelman argues that the virtual conflicts between the franchise's opposing sides offer intriguing insights into actual reality from ethical dilemmas to the roles of freedom and fate He demonstrates how by incorporating themes of means and ends control and freedom into its gameplay the franchise engages with profound questions in a sustained long form way that is unique among video games As the Assassins say Nothing is true everything is permitted Retail e book files for this title are screen reader friendly with images accompanied by short alt text and or extended descriptions *SCP Series One Field Manual* SCP Foundation, Various Authors, 2019-09-19 SCP Foundation anomalies SCP 001 through to SCP 999 including containment procedures experiment logs and interview transcripts An encyclopedia of the unnatural The Foundation Operating clandestine and worldwide the Foundation operates beyond jurisdiction empowered and entrusted by every major national government with the task of containing anomalous objects entities and phenomena These anomalies pose a significant threat to global security by threatening either physical or psychological harm The Foundation operates to maintain normalcy so that the worldwide civilian population can live and go on with their daily lives without fear mistrust or doubt in their personal beliefs and to maintain human independence from extraterrestrial extradimensional and other extranormal influence Our mission is three fold Secure The Foundation secures anomalies with the goal of preventing them from falling into the hands of civilian or rival agencies through extensive observation and surveillance and by acting to intercept such anomalies at the earliest opportunity Contain The Foundation contains anomalies with the goal of preventing their influence or effects from spreading by either relocating concealing or dismantling such anomalies or by suppressing or preventing public dissemination of knowledge thereof Protect The Foundation protects humanity from the effects of such anomalies as well as the anomalies themselves until such time that they are either fully understood or new theories of science can be devised based on their properties and behavior About the ebook This ebook is an offline edition of the first series of fictional documentation from the SCP Foundation Wiki All illustrations subsections and supporting documentation pages are included All content is indexed and cross referenced Essentially this is what a SCP Foundation researcher would carry day to day in their Foundation issued ebook reader The text has been optimised for offline reading on phones and ebook readers and for listening to via Google Play Book's Read Aloud feature Tables have been edited into a format that is intelligible when read aloud the narration will announce visual features like redactions and overstrikes and there are numerous other small optimisations for listeners The SCP text are a living work and the SCP documentation is a gateway into the SCP fictional universe so links to authors stories and media are preserved and will open your reader's web browser This work is licensed under a Creative Commons Attribution ShareAlike 3.0
