Tyre,Annemarie B. Tyre,1962 The Beliefs and Experiences of World Language Teachers in the US Pamela M. Wesely,2024-06-11 This book tells the stories of 15 world language WL teachers in the United States at elementary and secondary levels through rich descriptions of their lived worlds and experiences In depth interviews extensive observations learner interviews and document and environment analysis illustrate in detail how teacher beliefs relate to their practices and are mediated and moderated by their learners institutional demands equity and access to WL education and other factors The chapters provide a deep and robust explanation of individual teachers teaching lives and a cross contextual comparison of their experiences shining a light on the realities and demands of modern US schools Grounded in the research literature on language teacher beliefs and cognition this book takes the stance that all teaching is situated and contextual and that addressing teachers methods practices and knowledges in ways that are divorced from their setting and environment has serious limitations It offers fascinating insights for researchers language educators and pre and in service teachers with reflection questions at the end of each chapter to guide readers in drawing connections with their own practice interests and contexts **The Censorship Files** Alejandro Herrero-Olaizola,2012-02-01 Drawing on extensive research in the Spanish National Archive Alejandro Herrero Olaizola examines the role played by the censorship apparatus of

Franco's Spain in bringing about the Latin American literary Boom of the 1960s and 1970s. He reveals the negotiations and behind the scenes maneuvering among those involved in the Spanish publishing industry. Converging interests made strange bedfellows of the often left wing authors and the staid officials appointed to stand guard over Francoist morality and to defend the supposed purity of Castilian Spanish. Between these two uneasily allied groups circulated larger than life real world characters like the Barcelona publisher Carlos Barral and the all powerful literary agent Carmen Balcells. The author details the fascinating story of how novels by Mario Vargas Llosa, Guillermo Cabrera Infante, Gabriel García Márquez and Manuel Puig achieved publication in Spain and in doing so reached a worldwide market. This colorful account underpins a compelling claim that even the most innovative and aesthetically challenging literature has its roots in the economics of the book trade as well as the institutions of government and the exigencies of everyday politics and ideology.

meXicana Roots and Routes Vanessa Fonseca-Chávez, Anita Huízar-Hernández, 2025-09-23. Community voices are often an underrepresented aspect of our historical and cultural knowledge of the U.S. Southwest. In this collection established and emerging scholars draw upon their rootedness in the U.S. Southwest and U.S. Mexico borderlands. The meXicana contributors use personal and scholarly inquiry to discuss what it means to cultivate spaces of belonging, navigate language policies and explore and excavate silences in various spaces among other important themes. From the recruitment of Latinas for the U.S. Benito Juárez Squadron in World War II to the early twentieth century development of bilingual education in Arizona to new and insightful analyses of Bracero Program participants and their families, the book details little known oral histories and archival material to present a rich account of lives along the border with emphasis on women and the working class. As the inaugural publication of the Arizona Crossroads series, readers will find Arizona featured as a central node of borderlands, roots and routes. Each section of the book intentionally centers Arizona within broader comparative and cross state dialogues alongside chapters that reflect regional concerns in other southwestern states including Texas, California, Colorado and New Mexico. Throughout this volume highlights the ways in which personal experience, community building and scholarly perspectives can provide a powerful space for community voices.
