The Spanish Plays of Neoclassical England John Loftis,1987-07-23 Mr Loftis provides the first comprehensive account of the relationship of restoration drama to the Spanish drama of the Golden Age **Women Playwrights in England, C.**

English Drama, 1660-1800 Frederick M. Link,1976 *Nineteenth Century Literature Criticism* Jessica

Bomarito,Russel Whitaker,2005-07 Presents literary criticism on the works of nineteenth century writers of all genres nations and cultures Critical essays are selected from leading sources including published journals magazines books reviews diaries broadsheets pamphlets and scholarly papers Criticism includes early views from the author's lifetime as well as later views including extensive collections of contemporary analysis The Name and Nature of Tragicomedy Verna A. Foster,2004

Focusing on European tragicomedy from the early modern period to the theatre of the absurd Verna Foster here argues for the independence of tragicomedy as a genre that perceives and communicates human experience differently from the various forms of tragedy comedy and the drame serious drama that is neither comic nor tragic Foster posits that in the sense of the dramaturgical and emotional fusion of tragic and comic elements to create a distinguishable new genre tragicomedy has emerged only twice in the history of drama She argues that tragicomedy first emerged and was controversial in the Renaissance and that it has in modern times replaced tragedy itself as the most serious and moving of all dramatic genres In the first section of the book the author analyzes the name tragicomedy and the genre's problems of identity then goes on to explore early modern tragicomedies by Shakespeare Beaumont and Fletcher and Massinger A transitional chapter addresses cognate genres The final section of the book focuses on modern tragicomedies by Ibsen Chekhov Synge O'Casey Williams Ionesco Beckett and Pinter By exploring dramaturgical similarities between early modern and modern tragicomedies Foster demonstrates the persistence of tragicomedy's generic markers and provides a more precise conceptual framework for the genre than has so far been available English Drama, 1660-1760 Laura Schaefer Brown,1977 *The Restoration Repertory Theatre* Frances Mary-Michele Kavenik,1977 Hispanofilia Alva Vernon Ebersole,2001

English Studies ,1959 William Wycherley, a Reference Guide B. Eugene McCarthy,1985 **English Drama, 1660-1700** Derek Hughes,1996 Derek Hughes's magisterial work forms a close critical study of all the surviving plays written and professionally premiered in England between 1660 and 1700 This extremely readable volume analyses many

individual texts often in detail and for the first time and also places them within the whole range of contemporary theatrical output with its diversity of outlook and constant shifts in fashion and subject. Thus *The Country Wife* 1675 and *The Man of Mode* 1676 are treated not as typical Restoration Comedies but as almost unique plays profoundly different even from each other which would have been unimaginable even two years earlier or later than the time of their appearance. Hughes also presents innovative work on the political, intellectual and social background of the corpus with extensive discussion of its treatment of women and the contribution of women dramatists. **The Memoirs of Anne, Lady Halkett and Ann, Lady Fanshawe** John Clyde Loftis, 1979. **The Restoration and 18th-century**, 1985.
