Spanish Workbook:

Beginner Spanish Workbook A1 and A2 María Jaramillo, 2017-11 Ready to Take Your Spanish to the Next Level Our Beginner Spanish Workbook will help you do just that. This book will help you move your Spanish from beginner level into intermediate. If you find yourself confused with all the complicated names in language learning like articles, irregular verbs, comparatives, superlatives, and verbs in preterite, then this book is for you. In this book, you will find a simple and not so scary way to approach Spanish grammar and still learn the language in a basic level properly. This book was meant to help the beginner, intermediate, and advanced Spanish students who want to learn or refresh some of the content without feeling the need of a degree just to understand the names of tenses. This book is divided into four sections. The first one giving you the basics of Spanish from the different greetings and farewells to the pronouns, articles, and the most common Spanish verbs. The second section, **Living in the Moment**, where you will find all the grammar needed when you talk about your daily routine or situations that occur constantly. **Living in the past**, where you will be able to understand the uses of the different tenses to express past situations. **Back to the Future**, where all the tenses used to express future conditions and dreams will be easily explained. Additionally, there is a section for confusing verbs that might use one word in English but have two different words and uses in Spanish. In all the sections and explanations from this book, you will find a list of useful vocabulary in English and Spanish as well as over 1000 practice exercises to go along with the simple explanations of the grammar. You will also find short simple stories so you can start practicing your reading skills and solidify with examples what you studied in the section. There is also a word list to help you beef up your vocabulary. This book is meant to be a self-study book; therefore, you will find the answers to the exercises at the end of it. We hope that this book is useful to you and helps you clarify concepts and confusing subjects about the Spanish language.
