Spanish Politics Today

LM Reder

Spanish Politics Today:

Spanish Politics Today John Gibbons, 1999 In comparison to many other areas of European political studies contemporary Spain has received less attention than it deserves This book aims to fill this gap in at least two important respects It not only describes and analyzes the institutions of government on the Spanish political landscape but also explores the distinctive traits of its policy processes at regional national and European levels Many of the issues which have dominated Spanish political agendas in the 1980s and 1990s are discussed throughout this book

The Oxford Handbook of Spanish Politics Diego Muro, Ignacio Lago, 2020-02-17 The Oxford Handbook of Spanish Politics provides a comprehensive and comparative overview of the Spanish political system through the lens of political science It aims to move away from a complacent analysis of Spanish democracy and provide a nuanced view of some of its strengths and challenges The Handbook introduces Spanish politics to an international audience of scholars and practitioners It is structured around six sections that cover Spain's political history institutional changes elections civil society policy making and foreign affairs The volume brings together a distinguished group of 47 internationally renowned scholars who study Spain in its own right or as a case among others in a comparative perspective The contributors provide expert accounts of contemporary Spain making the Oxford Handbook of Spanish Politics an invaluable resource for anyone interested in Spanish politics and government since the country's transition to democracy

Contemporary Spanish Politics José M. Magone, 2004-07-31 This book gives fresh insight into the formal and informal workings of this dynamic southern European democracy thoroughly discussing history politics institutions parties economy and foreign policy at an introductory level
