The Idea Factory Learning To Think At Mit:

The Idea Factory Pepper White, 2001-10-12 This is a personal story of the educational process at one of the world's great technological universities This is a personal story of the educational process at one of the world's great technological universities Pepper White entered MIT in 1981 and received his master's degree in mechanical engineering in 1984 His account of his experiences written in diary form offers insight into graduate school life in general including the loneliness and even desperation that can result from the intense pressure to succeed and the purposes of engineering education in particular The first professor White met at MIT told him that it did not really matter what he learned there but that MIT would teach him how to think This then is the story of how one student learned how to think There have of course been changes at MIT since 1984 but its essence is still the same White has added a new preface and concluding chapter to this edition to bring the story of his continuing education up to date

Invention by Design Henry Petroski, 1998-09-01 This book offers an insider's look at the political and cultural dimensions of design development and production and reaffirms Petroski as the master explicator of the principles and processes that turn thoughts into the many things that define our material world

Science Fiction Audiences Henry Jenkins, John Tulloch, 2005-07-25 *Science Fiction Audiences* examines the astounding popularity of two television institutions the series Doctor Who and Star Trek Both of these programmes have survived cancellation and acquired an following that continues to grow The book is based on over ten years of research including interviews with fans and followers of the series In that period though the fans may have changed and ways of studying them as audiences may have also changed the programmes have endured intact with Star Trek for example now in its fourth television incarnation John Tulloch and Henry Jenkins dive into the rich fan culture surrounding the two series exploring issues such as queer identity fan meanings teenage love of science fiction and genre expectations They encompass the perspectives of a vast population of fans and followers throughout Britain Australia and the US who will continue the debates contained in the book along with those who will examine the historically changing range of audience theory it presents and continue to attract a huge community of fans and followers Doctor Who has appeared in nine different guises and Star Trek is now approaching its fourth television incarnation *Science Fiction Audiences* examines the continuing popularity of two television institutions of our time through their fans and followers Through dialogue with fans and followers of Star Trek and Dr Who in the US Britain and Australia John Tulloch and Henry Jenkins ask what it is about the two series that elicits such strong and active responses from their audiences Is it their particular intervention into the SF genre Their expression of peculiarly American and British national cultures Their ideologies and visions of the future or their conceptions of science and technology *Science Fiction Audiences* responds to a rich fan culture which encompasses debates about fan aesthetics teenage attitudes to science fiction queers and Star Trek and ideology and pleasure in Doctor Who It is a book written both for fans of the two series who will be able to continue their debates in its pages and for students of media and
