Hegel, Marx, and the Necessity and Freedom Dialectic Russell Rockwell, 2018-04-26 This book provides close readings of primary texts to analyze the linkage between G W F Hegel s philosophy and Karl Marx s critical social theory of necessity and freedom This is important for three reasons first to understand the significance of the changing relationships of work society and critical social theory in the origins of Hegelian Marxism in the US as documented in the recently published correspondence between the Marxist Humanist theoretician Raya Dunayevskaya and the critical theorist Herbert Marcuse second to identify the intersections of the Critical Theorists Jurgen Habermas and Marcuse s influential reinterpretations of Marx s value theory of economy and society that enables navigation of the changing relationships of the social and economic spheres in the last century as developed in Marx s Grundrisse and thirdly to assess the potential of Moishe Postone s renewal of Marx s value theory largely conceived by the notion of a necessity and freedom dialectic intrinsic to capitalism

Who Paid the Pipers of Western Marxism? Gabriel Rockhill, 2025-12 *Who Paid the Pipers of Western Marxism* offers a crash course in the history of imperialist propaganda as well as in the Marxist method for analyzing culture and ideology Author Gabriel Rockhill demonstrates the explanatory and transformative superiority of a dialectical and historical materialist approach while elucidating how the world of ideas is a crucial site of class struggle He then engages in a meticulous counter history of the Frankfurt School which made a foundational contribution to Western Marxism by situating it within the global relations of class struggle and the imperialist war on actually existing socialism With the explicit and direct backing of powerful elements in the capitalist ruling class and the world s leading imperialist state the Frankfurt School developed a widely promoted form of compatible critical theory as an ersatz for dialectical and historical materialism The volume concludes by bringing to the fore the positive project that serves as the guiding methodological framework for the work as a whole a thoroughly anticolonial and anti imperialist Marxism dedicated to building socialism in the real world Drawing on extensive archival research to pull back the curtain on ruling class machinations Rockhill s book elucidates how the intellectual world war on the socialist alternative has sought to shore up and promote a compatible left intelligentsia while misrepresenting maligning and trying to destroy the revolutionary left

Marxism, Revolution and Utopia Herbert Marcuse, 2014-03-26 This collection assembles some of Herbert Marcuse s most important work and presents for the first time his responses to and development of classic Marxist approaches to revolution and utopia as well as his own theoretical and political perspectives This sixth and final volume of Marcuse s collected papers shows Marcuse s rejection of the prevailing twentieth century Marxist theory and socialist practice which he saw as inadequate for a thorough critique of Western and Soviet bureaucracy and the development of his revolutionary thought towards a critique of the consumer society Marcuse s later philosophical perspectives on technology ecology and human emancipation sat at odds with many of the classic tenets of Marx s materialist dialectic which placed the working class as the central agent of

change in capitalist societies As the material from this volume shows Marcuse was not only a theorist of Marxist thought and practice in the twentieth century but also proves to be an essential thinker for understanding the neoliberal phase of capitalism and resistance in the twenty first century A comprehensive introduction by Douglas Kellner and Clayton Pierce places Marcuse s philosophy in the context of his engagement with the main currents of twentieth century philosophy while also providing important analyses of his anticipatory theorization of capitalist development through a neoliberal restructuring of society The volume concludes with an afterword by Peter Marcuse The Soviet Review ,1961 **A History of Marxian Economics: 1929-1990** Michael Charles Howard,John Edward King,1989 Annotation This second volume of the highly successful A History of Marxian Economics covers the period from 1929 to the present The main debates and themes of this period are the Great Depression and Stalinism the Long Boom and its Demise New Theories of Imperialism Value and Exploitation and Current Controversies As with the first volume Michael Howard and John King have written an authoritative and stimulating account of the history of Marxian Economics over this period **The American Slavic and East European Review** ,1959 Soviet Ethics and Morality Richard T.
