Space, Time, and Matter and the Falsity of Einstein's Theory of Relativity Kamen Kamenov,2008-11-18 Theoretical physics has been hopelessly stalled for over 100 years The reason is the falsity of Einstein's Theory of Relativity A few years ago NASA sent into space four satellites with gyroscopes to test the theory project called Gravity Probe B Google it Just the fact that NASA is testing the theory speaks of itself The theory is wrong Why otherwise would you test something if it is right Until now 4 years later NASA still did not publish the results Why The results didn't match the predictions of the theory There are two options NASA must admit that the Theory of Relativity is wrong which will turn upside down the whole of physics or must admit that they built faulty testing equipment wasting one billion of taxpayer dollars NASA is thinking what to do and is trying to manipulate the data they call it cleaning the data to make them look right It's a cover up Meanwhile my book was out of print after many people realized that I the author was right the book skyrocketed in price Recently onbookfinder.com it was reselling as a collectible in Europe especially in France and Germany for over 548 and it was moving up in price fast Because of that the author received many e mails and calls to publish it again so that people can buy it for less Now it is published again for an affordable price for you and even for much less then the original price It is also on Kindle You can contact the author with questions at gkkamenov yahoo.com The most valuable part in this book is the discovery by the author of the nature of Electricity and Magnetism Scientists know how electricity and magnetism work but they don't know what it is They don't know what is the connection between them and why they influence each other and create Electromagnetism For the first time in the history of science you can learn and understand **WHAT ELECTRICITY MAGNETISM and ELECTROMAGNETISM IS**

The Flat Earth Trilogy Book of Secrets II Gregory Lessing Garrett,2019-04-18 Evidently NASA can see through millions of layers of stars and galaxies to get thousands of crystal clear shots of galaxies millions of light years away but they cannot take even ONE simple photo of Earth from the Moon's distance that is not CGI fakery NASA is merely a film production company with a huge budget and huge real rocket props We have ALL been indoctrinated by occult high masters at NASA to the tune of 53 million dollars a day coming out of OUR Pay Checks to pay for their fake CGI rubbish When we stop and slow down and really really let it sink in the most accurate map of the Earth used by the United Nations is The Flat Earth Map They even outline the map with wheat stalks to symbolize Antarctica This is the groundbreaking story of The Flat Earth cover up The Who How and Why they did it story
