## **Spanish King Of The Incas The Epic Life Of Pedro Bohorques:**

**Spanish King Of The Incas** Ana María Lorandi, 2012-02-10 Described in his lifetime as mad a dreamer quixotic and a lunatic Pedro Bohorques is one of the most fascinating personalities of Spanish colonial America A common man from an ordinary Andalusian family he sought his fortune in the new world as a Renaissance adventurer Smitten with the idea of the mythical cities of gold Bohorques led a series of expeditions into the jungles of Peru searching for the paradise of El Dorado Having mastered the Quechua language of the countryside he presented himself as a descendent of Inca royalty and quickly rose to power as a king among the Calchaquies of Tucumán He was later arrested and executed by the crown for his participation in a peasant revolt against Spanish rule In Spanish King of the Incas Ana María Lorandi examines Bohorques as a character whose vision triumphs and struggles are a reflection of his seventeenth century colonial world In this thoroughly engaging ethnohistory Lorandi brings to light the many political and cultural forces of the time The status of the Inca high nobility changed dramatically after the Spanish conquest as native populations were subjugated by the ruling class Utopian ideals of new cities of riches such as El Dorado prevailed in the public imagination alongside a desire to restore an idealized historic past As the Middle Ages gave way to the new belief systems of the Renaissance ingenuousness about mythical creatures became strong and personal success was measured by the performance of heroic deeds and the attainment of kingdoms Charismatic and bold Pedro Bohorques flourished in the ambiguous margins of this society full of transition and conflict Ann de León's artful translation preserves both the colorful details of the story and the clarity of expression in Lorandi's complex analyses

**Spanish King of the Incas** Ana María Lorandi, 2005 Spanish King of the Incas tells the fascinating story of a Spanish commoner who participated in the conquest of Latin America then changed loyalties He declared himself a king among the Calchaqui Indians and was eventually executed for his role in an Inca rebellion in 1667

[The Voyage of Captain John Narbrough to the Strait of Magellan and the South Sea in his Majesty's Ship Sweepstakes, 1669-1671](#) Richard J. Campbell,Peter T. Bradley, Joyce Lorimer,2018-05-11 In 2009 after a public appeal the British Library purchased a manuscript Booke which Captain Narbrough bought in 1666 and into which he subsequently entered his journals of his voyages and correspondence relating to them The Booke contains his own fair copy of the journal of his voyage through the Strait of Magellan and north to Valdivia in the Sweepstakes 1669 1671 This is published here for the first time together with an incomplete and somewhat different copy of the journal held in the Bodleian Library which was made for him by a clerk after he returned to England and which was partially published in 1694 Both versions of the journal together with previously unpublished records made by members of his company as well as reproductions of the charts which Narbrough relied on and those he produced are printed here Narbrough s mission was to carry out a passenger who referred to himself as Don Carlos Enriques and who claimed to have expert knowledge of Peru and Chile and contacts with disaffected colonists and indigenous peoples Don Carlos s written proposals to King Charles II and his ministers only recently discovered are here translated from Spanish and give a clear sense of the character if not the real identity of an adventurer who gave the authorities in England Chile and Peru totally different and changing stories about his status and the purpose of the voyage Narbrough s conduct of the voyage has been criticized by later authors who have focussed on his inability recover four of his ship s company from detention in Valdivia and the lack of tangible results in the form of trade or contacts with indigenous groups The more complete story provided here shows that Narbrough carried out his ambiguous orders to the letter His chart of the Strait of Magellan remained the principal chart of the area for the next century King Charles II and James Duke of York both recognized his abilities He was rapidly re employed in naval service subsequently knighted and rose
