## **The English Gipsies And Their Language:**

*The English Gipsies and Their Language.* 2nd.ed Charles Godfrey Leland,1969      **The English Gipsies and Their Language** Charles Godfrey Leland,1893      **The English Gipsies and Their Language** Charles Godfrey Leland,2020-09-28 For go where you will though you may not know it you encounter at every step in one form or the other the Rommany True the dwellers in tents are becoming few and far between because the close cultivation of the present generation which has enclosed nearly all the waste land in England has left no spot in many a day s journey where the travellers as they call themselves can light the fire and boil the kettle undisturbed There is almost no tan to hatch or place to stay in So it has come to pass that those among them who cannot settle down like unto the Gentiles have gone across the Great Water to America which is their true Canaan where they flourish mightily the more enterprising making a good thing of it by prastering graias or running horses or trading in them while the idler or more moral ones pick up their living as easily as a mouse in a cheese on the endless roads and in the forests And so many of them have gone there that I am sure the child is now born to whom the sight of a real old fashioned gipsy will be as rare in England as a Sioux or Pawnee warrior in the streets of New York or Philadelphia But there is a modified and yet real Rommany dom which lives and will live with great vigour so long as a regularly organised nomadic class exists on our roads and it is the true nature and inner life of this class which has remained for ages an impenetrable mystery to the world at large A member of it may be a tramp and a beggar the proprietor of some valuable travelling show a horse dealer or a tinker He may be eloquent as a Cheap Jack noisy as a Punch or musical with a fiddle at fairs He may peddle pottery make and sell skewers and clothes pegs or vend baskets in a caravan he may keep cock shys and Aunt Sallys at races But whatever he may be depend upon it reader that among those who follow these and similar callings which he represents are literally many thousands who unsuspected by the Gorgios are known to one another and who still speak among themselves more or less that curious old tongue which the researches of the greatest living philologists have indicated is in all probability not merely allied to Sanscrit but perhaps in point of age an elder though vagabond sister or cousin of that ancient language For THE ROMMANY is the characteristic leaven of all the real tramp life and nomadic callings of Great Britain And by this word I mean not the language alone which is regarded however as a test of superior knowledge of the roads but a curious inner life and freemasonry of secret intelligence ties of blood and information useful to a class who have much in common with one another and very little in common with the settled tradesman or worthy citizen The hawker whom you meet and whose blue eyes and light hair indicate no trace of Oriental blood may not be achurdo or p sh ratt or half blood or half scrag as a full Gipsy might contemptuously term him but he may be of his kind a quadroon or octoroon or he may have gipsified by marrying a Gipsy wife and by the way be it said such women make by far the best wives to be found among English itinerants and the best suited for a traveller But in any case he has taken pains to pick up all the Gipsy he can If he is a tinker he knows Kennick or cant or thieves slang by nature but the Rommany which has

very few words in common with the former is the true language of the mysteries in fact it has with him become strangely enough what it was originally a sort of sacred Sanscrit known only to the Brahmins of the roads compared to which the other language is only commonplace Prakrit which anybody may acquire

### **The English Gipsies and their Language** Charles

G. Leland,2025-11-27 Reprint of the original first published in 1873 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage

### The English Gipsies and Their Language Charles Godfrey Leland,2019-11-26

In The English Gipsies and Their Language Charles Godfrey Leland embarks on an extensive exploration of Romani culture in England delving into the lives customs and distinct language of the Romani people The book interweaves ethnographic observation with linguistic analysis employing a style that is both scholarly and accessible Leland s pioneering work is situated in the context of 19th century fascination with folklore and ethnology shedding light on a marginalized community often misrepresented in mainstream narratives while using an engaging narrative that combines historical accounts with personal anecdotes Leland a polymath and an early advocate for the preservation of folk traditions had extensive interactions with Romani communities which significantly shaped his perceptions and advocacy His broad range of interests spanning from linguistics to folklore fueled his desire to document and celebrate Romani culture making this work a product of Leland s deep empathy and understanding for marginalized voices His position in the cultural milieu of Victorian England fostered a nuanced perspective that was markedly ahead of its time This book is a crucial read for scholars and enthusiasts of folklore linguistics and cultural studies It invites readers to step beyond stereotypical depictions and engage with the authentic voices of the Romani enhancing our understanding of cultural diversity Leland s innovative synthesis of language and cultural anthropology makes this a must have for anyone interested in the rich tapestry of human experience

### **The English Gipsies and Their Language** Charles G. Leland,2013-03

The English Gipsies and their Language A great introduction into the traditional life of English Gipsies Including Gypsy slang The English term Gypsy originates from the Middle English

gypcian short for Egipcien It was once believed that the Romanies or some other Gypsy groups such as the Balkan Egyptians originated in Egypt and in one narrative were exiled as punishment for allegedly harbouring the infant Jesus Gipsy has several developing and overlapping meanings under English Law Under the Caravan Sites and Control of Development Act 1960 gipsies are defined as persons of nomadic habit of life whatever their race or origin but does not include members of an organised group of travelling showmen or persons engaged in travelling circuses travelling together as such This definition includes such groups as New Age Travellers as well as Irish Travellers and Romany

### **The English Gipsies and Their Language** Charles Godfrey Leland,1874

*The English Gipsies and Their Language (Classic Reprint)* Charles Godfrey Leland,2017-09-16 Excerpt from The English Gipsies and Their Language As Author of this book I beg leave to observe that

all which is stated in it relative to the customs or peculiarities of Gipsies mas gatfiered directly from Gipsz es tfiemselves

and that every word of their language here given whether in conversations stories or sayings was taken from Gipsy mouths While entertaining the highest respect for the labours of Mr George Borrow in this field I have carefully avoided repeating him in the least detail neither have I taken anything from Simson Hoyland or any other writer on the Rommany race in England Whatever the demerits of the work may be it can at least claim to be an original collection of material fresh from nature and not a reproduction from books There are it is true two German Gipsy letters from other works but these may be excused as illustrative of an English one About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

### **The English Gipsies and Their Language**

Charles Godfrey Leland,2017-03-25 While writing this book or in fact after the whole of the first part was written I passed a winter in Egypt and as that country is still supposed by many people to be the fatherland of the Gipsies and as very little is known relative to the Rommany there I have taken the liberty of communicating what I could learn on the subject though it does not refer directly to the Gipsies of England Those who are interested in the latter will readily pardon the addition There are now in existence about three hundred works on the Gipsies but of the entire number comparatively few contain fresh material gathered from the Rommany themselves Of late years the first philologists of Europe have taken a great interest in their language which is now included in *Die Sprachen Europas* as the only Indian tongue spoken in this quarter of the world and I believe that English Gipsy is really the only strongly distinct Rommany dialect which has never as yet been illustrated by copious specimens or a vocabulary of any extent

### The English Gipsies and Their Language Charles Godfrey

Leland,2021-01-18 Book Excerpt word I mean not the language alone which is regarded however as a test of superior knowledge of the roads but a curious inner life and freemasonry of secret intelligence ties of blood and information useful to a class who have much in common with one another and very little in common with the settled tradesman or worthy citizen The hawker whom you meet and whose blue eyes and light hair indicate no trace of Oriental blood may not be a churdo or pass ratt or half blood or half scrag as a full Gipsy might contemptuously term him but he may be of his kind a quadroon or octoroon or he may have gipsified by marrying a Gipsy wife and by the way be it said such women make by far the best wives to be found among English itinerants and the best suited for a traveller But in any case he has taken pains to pick up all the Gipsy he can If he is a tinker he knows Kennick or cant or thieves slang by nature but the Rommany
