**The Essential English Dictionary | The Essential Large Print English Dictionary**, 200? **The Essential English Dictionary**, 2004 **Defining with Simple Vocabulary in English Dictionaries** Mariusz Piotr Kamiński, 2021-04-15 This book investigates an important but under researched aspect of dictionary making the use of a controlled vocabulary in definitions. The main concern of the author is the role of a definition vocabulary in how foreign learners understand and perceive dictionary definitions. The author takes the reader through a detailed historical account of controlled vocabularies and examines definitions in a range of English dictionaries with respect to their vocabulary loads. He performs a series of experiments with university students to reveal merits and shortcomings of restricted vocabularies. This monograph has been written with the aim to fill a gap in the literature on defining vocabulary. It is intended for lexicographers, dictionary editors, course designers, teachers and students as well as anyone who wishes to explain words in an intelligible way.

*Dictionary of Lexicography* R. R. K. Hartmann, Gregory James, 2002-01-04 Dictionaries are among the most frequently consulted books yet we know remarkably little about them. Who makes them? Where do they come from? What do they offer? How can we evaluate them? The *Dictionary of Lexicography* provides answers to all these questions and addresses a wide range of issues: the traditions of dictionary making, the different types of dictionaries and other reference works such as thesaurus, encyclopedia, atlas and telephone directory; the principles and concerns of lexicographers and other reference professionals; the standards of dictionary criticism and dictionary use. It is both a professional handbook and an easy to use reference work. This is the first time that the subject has been covered in such a comprehensive manner in the form of a reference book. All articles are self-contained, cross-referenced and uniformly structured. The whole is an up-to-date and forward-looking survey of lexicography.

*A Dictionary of Confusable Phrases* Yuri Dolgopolov, 2016-02-01 Covering over 10 000 idioms and collocations characterized by similarity in their wording or metaphorical idea which do not show corresponding similarity in their meanings, this dictionary presents a unique cross section of the English language. Though it is designed specifically to assist readers in avoiding the use of inappropriate or erroneous phrases, the book can also be used as a regular phraseological dictionary providing definitions to individual idioms, clichés and set expressions. Most phrases included in the dictionary are in active current use, making information about their meanings and usage essential to language learners at all levels of proficiency.
