Widmer,2012-10-12 Until around the latter part of the 20th century Mormonism has been presented in scholarly reconstructions as a religion that has not changed significantly from its beginnings whose presently held beliefs existed as a central core of doctrine at the church's founding in 1830. The author argues instead that the development of Mormonism has been primarily due to external events popular cultural philosophical religious and scientific and that these influences have led to the emergence of several streams of thought that are actually in opposition to the early beliefs of the church. Mormonism can be seen as a reflection of the development of American society and culture from the early 1800s to the present. The major aim of this work is to establish a proper chronology for the development of Mormon thought specifically in its concept of the nature of God. [The New Mormon Challenge](#) Zondervan,2010-12-21 Current facts about Mormonism Over 11 million members Over 60 000 full time missionaries more than any other single missionary sending organization in the world. More than 310 000 converts annually. As many as eighty percent of converts come from Protestant backgrounds. In Mormon circles the saying is We baptize a Baptist church every week. Within fifteen years the numbers of missionaries and converts will roughly double. Within eighty years with adherents exceeding 267 million Mormonism could become the first world religion to arise since Islam. You may know the statistics. What you probably don't know are the advances the Church of Jesus Christ of Latter day Saints LDS is making in apologetics and academic respectability. With superb training Mormon scholars outclass many of their opponents. Arguments against Mormon claims are increasingly refuted as outdated, misinformed or poorly argued. [The New Mormon Challenge](#) is a response to the burgeoning challenge of scholarly Mormon apologetics. Written by a team of respected Christian scholars it is free of caricature sensationalism and diatribe. The respectful tone and responsible rigorous yet readable scholarship set this book in a class of its own. It offers freshly researched and well documented rebuttals of Mormon truth claims. Most of the chapter topics have never been addressed and the criticisms and arguments are almost entirely new. But [The New Mormon Challenge](#) does not merely challenge Mormon beliefs it offers the LDS Church and her members ways to move forward. [The New Mormon Challenge](#) will help you understand the intellectual appeal of Mormonism and it will reveal many of the fundamental weaknesses of the Mormon worldview. Whether you are sharing the gospel with Mormons or are investigating Mormonism for yourself this book will help you accurately understand Mormonism and see the superiority of the historic Christian faith. Outstanding scholarship and sound methodology make this an ideal textbook. The biblical historical scientific philosophical and theological discussions are fascinating and will appeal to Christians and Mormons alike. Exemplifying Christian scholarship at its best [The New Mormon Challenge](#) pioneers a new genre of literature on Mormonism. The Editors Francis J Beckwith Carl Mosser and Paul Owen are respected authorities on the Church of Jesus Christ of Latter day Saints and the authors of various books and significant articles on Mormonism. With contributors including such respected scholars as Craig L Blomberg William Lane Craig J P Moreland and others [The New Mormon Challenge](#) is as Richard Mouw states in his foreword an important event for both

Protestant evangelicals and Mormons that models to the evangelical community what it is like to engage in respectful and meaningful exploration of a viewpoint with which we disagree on key points     *Essentials in Church History* Joseph Fielding Smith,1922     **Orson Pratt's Works** Orson Pratt,1990     **Mormon Americana** David J.
