Using Paired Text to Meet the Common Core William Bintz, 2014-12-17 Teaching students to make connections across related texts promotes engagement and improves reading comprehension and content learning This practical guide explains how to select and teach a wide range of picture books as paired text two books related by topic theme or genre in grades K 8 The author provides mini lessons across the content areas along with hundreds of recommendations for paired text each linked to specific Common Core standards for reading literature and informational texts In a large size format for easy photocopying the book includes 22 reproducible graphic organizers and other useful tools Purchasers also get access to a Web page where they can download and print the reproducible materials **Digital Griots** Adam Joel Banks, 2010 Presenting the DJ as an example of the digital griot a high tech storyteller this book shows how African American storytelling traditions and their digital manifestations can help scholars and teachers shape composition studies linking oral print and digital production in ways that centralize African American discursive practices as part of a multicultural set of ideas and pedagogical commitments Free Movement of Persons Within the European Community Anne Pieter van der Mei, 2003-02-24 This book explores the extent to which European Community law confers upon individuals the right to gain access to public services in other Member States Are European citizens and third country nationals who have moved to other Member States entitled to claim minimum subsistence benefits to receive medical care or to be admitted to education Does Community law provide for a freedom of movement for patients students and persons in need of social welfare benefits If so to what extent does Community law have regard for the Member States fears for and concerns about welfare tourism Besides addressing numerous detailed questions on the precise degree to which Community law allows for cross border access to

public services the author analyses how Community law and the Court of Justice in particular have sought to reconcile the Community's objectives of realising freedom of movement and ensuring equality of treatment with the need to develop and maintain adequate social services within the Community. In addition the book contains a detailed analysis of United States constitutional law on cross border access to public services exploring the question whether the European Community can possibly learn from the American experience.

Strategies to Integrate the Arts in Social Studies Jennifer M. Bogard, Maureen Creegan-Quinquis, 2013-07-01 This teacher friendly resource provides practical arts based strategies for classroom teachers to use in teaching social studies content.

Musical Migration and Imperial New York Brigid Cohen, 2022-05-05 Through archival work and storytelling *Musical Migration and Imperial New York* revises many inherited narratives about experimental music and art in postwar New York. From the urban street level of music clubs and arts institutions to the world making routes of global migration and exchange this book redraws the map of experimental art to reveal the imperial dynamics and citizenship struggles that continue to shape music in the United States. Beginning with the material conditions of power that structured the cityscape of New York in the early Cold War years Brigid Cohen looks at a wide range of artistic practices: concert music, electronic music, jazz, performance art and actors. Edgard Varèse, Charles Mingus, Yoko Ono and Fluxus founder George Maciunas as they experimented with new modes of creativity. Cohen links them with other migrant creators vital to the city's postwar culture boom: creators whose stories have seldom been told. Halim El Dabh, Michiko Toyama, Vladimir Ussachevsky. She also gives sustained and serious treatment to the work of Yoko Ono, something long overdue in music scholarship. *Musical Migration and Imperial New York* is indispensable reading offering a new understanding of global avant-garde and American experimental music as well as the contrasting feelings of belonging and exclusion on which they were built.
