The Oxford History Of The American People Volume 3:

America-The Last Best Hope (One-Volume Edition) William J. Bennett, 2019-10-22 A single volume edition of William J. Bennett's bestselling series thoroughly revised and updated. The role of history is to inform, inspire, and sometimes provoke us, which is why Bill Bennett's wonderfully readable book is so important. Walter Isaacson: A decade ago William J. Bennett published a magisterial three-volume account of our nation's history. Now Bennett returns to that bestselling trilogy, revising and condensing his epic tale into one volume, a page-turning narrative of our exceptional nation. In Bennett's signature gripping prose, Washington, Franklin, Lincoln, Roosevelt, Reagan, and others reemerge not as marble icons or dust-dry names in a textbook but as full-blooded heroic pioneers whose far-reaching vision forged a nation that attracted and still attracts millions yearning to breathe free. In this riveting volume, Bennett covers America's greatest moments in breath-taking detail: from the heroism of the Revolution to the dire hours of the Civil War, from the progressive reforms of the early 1900s to the civil rights reforms of the 1960s, from the high drama of the Space Race to the gut-wrenching tension of the Cold War, from the fall of the Berlin Wall and the collapse of global Communism to the attacks of 9/11 and the war on terror. William J. Bennett captures the players, personalities, and pivotal moments of American history with piercing insight and unrelenting optimism. In this gripping tale of a nation, the story of what Lincoln referred to as the last best hope of earth comes alive in all its drama and personality.

The Twenty-First Century Will Be American Alfredo Valladao, 1998-09 Alfredo Valladao refutes allegations that America is in decline, arguing that it will dominate the next century because it alone has the power and the will to do so. With style, Valladao shows that only the United States sees the world in global terms because they have themselves constructed a world. **AMERICA: LIBERATION**

Colonial America Bonnie L. Lukes, 2000 Discusses settlement in colonial America and life in the thirteen colonies.

The Twenty-first Century Will be American Alfredo G. A. Valladao, 1996 Allegations that America is in decline have become commonplace in the years since the Cold War ended, likened by many to the collapse of imperial Rome. This thesis is energetically refuted by Valladao, who believes that America will dominate the 21st century because it alone has the means and the will to do so. Valladao shows that Americans, in learning to manage their own diversity, also learnt to manage the world.
