**The Oxford Stamp and Other Essays** Frank Aydelotte, 2015-07-08 Excerpt from The Oxford Stamp and Other Essays Articles From the Educational Creed of an American Oxonian The essays collected in this volume are all fruits of a Rhodes Scholarship The holder of one of these appointments who on his return from Oxford engages in university teaching in this country inevitably makes comparisons and looks at many of our educational problems from a new point of view Much in the work and atmosphere of an English university is strikingly different from the adaptations of German university methods which have prevailed in our higher education for half a century In the hope that this point of view may interest students of our educational problems these essays are put together That the volume deals more with the study of English than with any other subject is due primarily to the fact that the writer is a teacher of English About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
