The Palestinian Resistance Gérard Chaliand,1972 Basic Political Documents of the Armed Palestinian Resistance Movement ,1969 *Late Modern Palestine* Laura Junka-Aikio,2015-10-14

Late Modern Palestine looks at the ways in which the relationship between the subject and representation and the political problematic of postcolonial late modernity is articulated in the context of the Palestinians struggle for liberation Junko Aikio provides a rich theoretically and empirically and in part also visually grounded study of the complex ways in which ordinary Palestinians face negotiate and resist multiple regimes of power and desire in the context of everyday life in the West Bank and Gaza The volume examines the early years of the second Palestinian uprising an intifada whose political status remains highly disputed The book examines the ways in which Palestinian politics during the second intifada has been entangled with the broader social and political changes that are associated with postcolonial late modernity It is argued that the dislocation between modern colonial and late modern postcolonial regimes of power and subjectivity greatly complicates the map of power and resistance in contemporary Palestine and also renders articulation of national unity and hegemonic political strategy increasingly unlikely This work will be of great interest to students and scholars of Middle East Studies Postcolonial Studies International Relations Political Sociology Critical Security Studies and Political Theory

A Handbook to the Palestine Question Ibrahim Abid,1969 **Middle East Record** Dishon,1973-10 Hamas Contained Tareq Baconi,2018-05-15

Judicious and impartial this important work adds nuance to the portrait of one of the Middle East s most divisive players Publishers Weekly Hamas is a multifaceted liberation organization that rules Gaza and the lives of the two million Palestinians who live there Demonized as a terrorist group in media and policy debates it has been subjected to

accusations and assumptions that have helped justify extreme military action in the region In *Hamas Contained* Tareq Baoni offers the first history of the group on its own terms Drawing on interviews with organization leaders as well as publications from the group Baoni maps Hamas s thirty year transition from fringe resistance to governance Questioning the conventional understanding of Hamas he shows how the movement s ideology ultimately threatens the Palestinian struggle and inadvertently its own legitimacy Baoni demonstrates how Hamas s armed struggle has failed in the face of a relentless occupation and he argues that Israel s approach of managing rather than resolving the conflict has neutralized Hamas s demand for Palestinian sovereignty This dynamic has perpetuated a deadlock characterized by its brutality and one that has led to the collective punishment of millions of Palestinian civilians *The Palestinian Resistance* ,1978*
